

## INSURGENTS ARE VICTORIOUS NOW

GENERAL MENA DRIVES OUT  
MADRIZ FORCES WITH HEAVY  
LOSS.

## AMERICAN WAS CAPTURED

Men Who Laid Mines at Bluefields  
Will Be Tried by Court Martial  
and May Be Shot.

Bluefields, Nicaragua, June 4.—Ad-  
vices have been received here which  
state the insurgent forces under Gen.  
Mena at Bluefields and put to  
flight the government troops com-  
manded by Gen. Chavarria.

On Thursday, Gen. Mena having re-  
ceived reinforcements, sent a message  
to the Madriz forces, then in a fort-  
ified position on a hill, to surrender or  
fight within twelve hours.

Gen. Chavarria's reply was an at-  
tempt to escape into the interior, but  
the insurgent forces intercepted them  
and after three hours of battle the gov-  
ernment troops were thoroughly demor-  
talized and fled in every direction.

May Be Shot.

San Juan del Sur, Nicaragua, June  
4.—William P. Pittman, the American  
who laid the mines at Bluefields for  
the insurgents, was captured by the  
government troops and will be court  
martialled.

**Sends Warning.**

Washington, D. C., June 4.—State  
department has taken cognizance of  
the Associated Press dispatch from  
San Juan del Sur, that William Pit-  
tman, an American captured by Madriz  
troops will be tried by court martial.

A telegram was sent Madriz gov-  
ernment stating in effect that this gov-  
ernment expects fair and humane treat-  
ment for Pittman.

**BROWNE SURRENDERS  
TO THE COURT TODAY**

Man Indicted For Bribery Handed  
Over to Courts Jurisdiction by  
Bondman.

Chicago, Ill., June 4.—Leo O'Neil  
Browne of Ottawa, the Illinois legis-  
lative minority leader awaiting trial  
for bribery charges, was surrendered  
by his bondman, Alderman John  
Dawson, here today. Browne was im-  
mediately taken into the custody by  
sheriff. A habeas corpus proceeding  
followed.

Judge Scannell of the circuit court,  
having a writ habeas corpus upon the  
plea of Browne's counsel that the  
circuit court of Cook county has no  
jurisdiction in the case, Browne was  
then taken from the sheriff's custody.

## BROWNE SURRENDERS TO THE COURT TODAY

Man Indicted For Bribery Handed  
Over to Courts Jurisdiction by  
Bondman.

Chicago, Ill., June 4.—Leo O'Neil  
Browne of Ottawa, the Illinois legis-  
lative minority leader awaiting trial  
for bribery charges, was surrendered  
by his bondman, Alderman John  
Dawson, here today. Browne was im-  
mediately taken into the custody by  
sheriff. A habeas corpus proceeding  
followed.

Judge Scannell of the circuit court,  
having a writ habeas corpus upon the  
plea of Browne's counsel that the  
circuit court of Cook county has no  
jurisdiction in the case, Browne was  
then taken from the sheriff's custody.

**NO CONFERENCE MAY  
BE NECESSARY NOW**

House May Accept the Railroad Bill  
With the Senate Amendments

Washington, D. C., June 4.—At con-  
ference today between representatives  
of the House and Senate, it was sug-  
gested that the House might accept  
Senate amendments to the railroad bill  
and conference might be held. It was  
stated that the House would not  
hold a conference with the Senate  
until after the 10th of June.

## NO CONFERENCE MAY BE NECESSARY NOW

House May Accept the Railroad Bill  
With the Senate Amendments

Washington, D. C., June 4.—At con-  
ference today between representatives  
of the House and Senate, it was sug-  
gested that the House might accept  
Senate amendments to the railroad bill  
and conference might be held. It was  
stated that the House would not  
hold a conference with the Senate  
until after the 10th of June.

## DANISH LINER RUNS ASHORE ON A REEF

Another Vessel Is Hastily Sent To Its  
Aid and Will Take Passen-  
gers Off.

Christiansburg, Norway, June 4.—The  
Danish liner United States, from  
Copenhagen to New York, ran ashore  
early this morning off Christiansburg.  
Another steamer has gone to take off  
the passengers.

## CREATING TROUBLES FOR THE PRESIDENT

Bullington-Pinchot Controversy Cre-  
ates Considerable Discard in  
Washington.

Washington, D. C., June 4.—The Bul-  
lington-Pinchot controversy has  
produced more trouble for President  
Taft in the shape of a mix-up over the  
appointment of a head of the bureau  
of mines, created in sundry civil bill.  
Bullington is fighting Holmes, a Pin-  
chot man, favored by the majority of  
the Senate.

## DRY GOODS FIRM IN BAD FINANCIAL WAY

Big Kansas City Business House Put  
In the Hands of A Receiver To-  
day.

Kansas City, Mo., June 4.—Receiv-  
ers for the Kansas Dry Goods Company,  
one of the largest general merchan-  
dise concerns in this part of the west,  
were appointed today. The liabilities  
are \$1,000,000; the assets, \$200,000.

## GOVERNOR DENEEN NOT TO INTERVENE

In the Fight Between Illinois Coal Min-  
ers and Operators—No Agreement  
At Conference Today.

Springfield, Ill., June 4.—No agree-  
ment was reached at the conference  
today between Governor Deneen and  
representatives of the coal operators  
and miners. The governor will not in-  
tervene and the miners and operators  
will fight out their differences among  
themselves.

## DID VAN HISE GO TOO FAST IN AUTO?

Madison Police Seek To Bring Pres-  
ident of University Into Court  
Today.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., June 4.—A writ-  
ten notice was issued this morning for the arrest  
of President Charles Richard Van  
Hise of the University of Wisconsin,  
on the charge of exceeding local speed  
laws in his automobile last Thursday  
night. When Van Hise was notified  
by the officers this morning to come  
into court he refused, saying he had  
not been in his car at any time this  
week. In view of a possible mistake,  
Chief of Police Shaugnessy had  
matter delayed until he can see the  
officer who made complaint and make  
sure. The policeman who reported the  
matter, however, insists it was Van  
Hise he saw in the auto. Which bore  
the number accredited to the Van Hise  
in the office of the secretary of the state.  
Miss Janet Van Hise, daughter of the  
president, is an enthusiastic motorist  
and many believe it was she who was  
driving and that possibly some guest  
of the president was in the car. Miss  
Van Hise's reputation for fast and al-  
most reckless driving is well known.  
The matter may come up in court  
this afternoon. It is intimated by  
the officers that the matter of Mrs. Van  
Hise's refusal to come into court may  
be pressed against him whether guilty  
of speeding or not.

When the case was called this after-  
noon, Janet Van Hise admitted the  
truth of the charge of oversteering  
and was fined \$10 and costs. She said  
the machine was not equipped with a  
speedometer and she did not know  
how fast she was driving. President  
Van Hise proved he had not been in  
the car all the week.

## SIX PERSONS ASKED FOR COUNTY'S AID

Came to Madison to Be Treated for  
the Rabies and Needed Food  
to Live.

Madison, Wis., June 4.—Six persons  
who arrived here from Little River,  
Ontario, Can., Monday, to take treat-  
ment for rabies, were taken into cus-  
tody yesterday and are being held at  
the county jail. They were taken there  
by a water patrol today. The persons  
were poor and were in danger of starv-  
ing. The poor commissioner decided to  
care for them during the several  
weeks they may be here treating at  
the state Pasteur Institute at the uni-  
versity and then try to make Ontario  
county foot the bill. Allotted ones  
are Oliver Boyce 39, and two sons,  
Dewey 10 and Bernard 14; Peter  
Courcheim aged 23; Mary Greenwood,  
aged 9 and Reuben La Blum, aged 12.

## TRAMP WAS KILLED NEAR SPARTA TODAY

Evidently Fell From Car on Which  
He Was Stealing a Ride—Dead  
When Found.

Sparta, Wis., June 4.—A roughly-  
dressed man, apparently a tramp, was  
found dead beside the railroad track  
near here. He is believed to be Joe  
Bernard of Chicago. He was evidently  
killed by a fall from a train which  
he was stealing a ride.

## BELOIT STUDENTS TO GIVE UP SOCIETIES

Decide to Allow Their School Societies  
to Die a Natural Death and  
Take in No New Members.

Beloit, June 4.—After long con-  
sideration the societies of Beloit high  
school have agreed to let the  
more new members and to let the  
Greek letter societies die a natural  
death. The school authorities are con-  
gratulating themselves on the success-  
ful termination of the difficulty, with-  
out having to order the societies to  
disband.

## SIXTH CANDIDATE ENTERS THE RACE

Fond du Lac Attorney Would Also  
Seek To Wear Wiscon Toga in  
Congress.

Fond du Lac, Wis., June 4.—M. K.  
Reddy formally announced his candi-  
dacy for the Democratic nomination  
for Congress in the Sixth District to-  
day. He is the sixth candidate now  
in the field.

## WETS LOSE FIGHT ON TECHNICALITY

Tomah Will Not Have Saloons This  
Year Despite Efforts of the  
Liquor Men.

Tomah, Wis., June 4.—The attempt  
of the wets to have Tomah declared  
wet on technicality during the last  
spring election on license, has failed.  
The Circuit Court has decided that  
there is not sufficient cause shown to  
overcome the decision of the election.

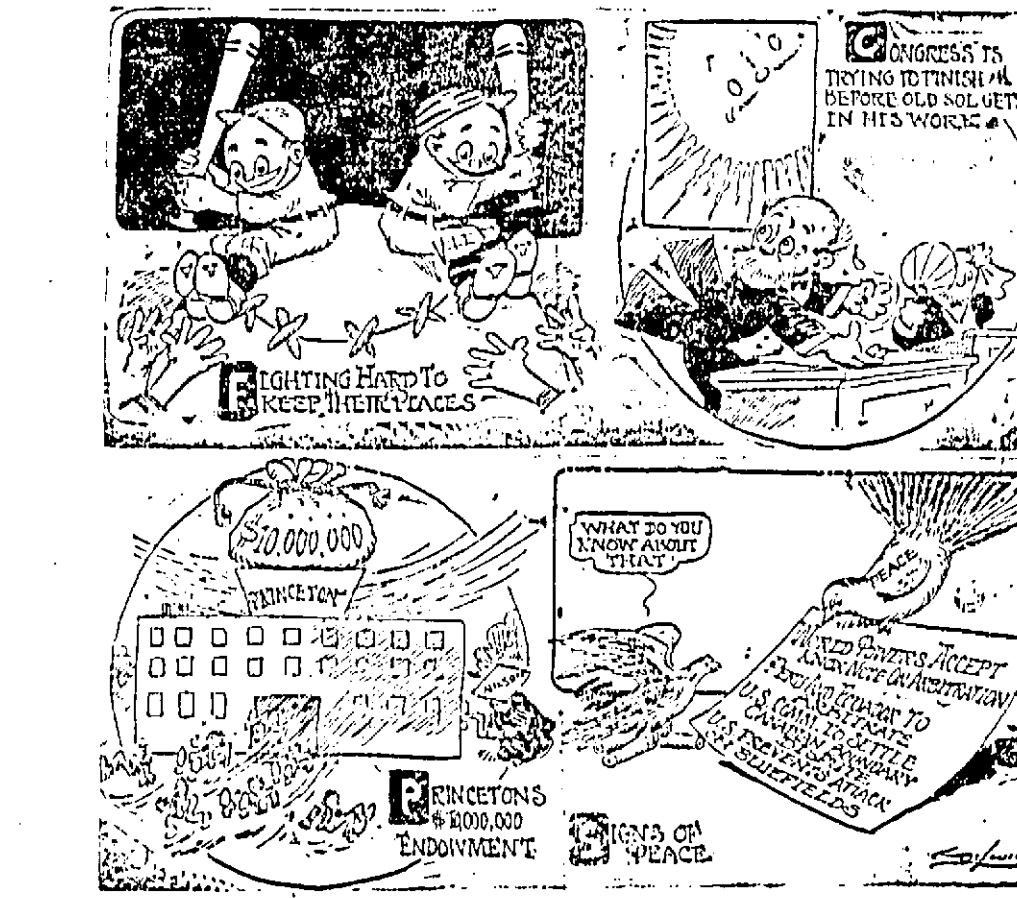

## TWO AGED WOMEN DIE, RESULT OF INJURIES

Deloit Women Dies As Result Of Fall  
From Bed—Neneah Woman Killed  
By Fall Down Stairs.

Deloit, June 4.—As a result of fall-  
ing from the edge of her bed on Fri-  
day evening, and breaking her hip,  
Mrs. C. Smith, aged 81, died today.

Killed By Fall.

Neneah, Wis., June 4.—Mrs. Martha  
Thompson, aged 80 years, was killed  
today by a fall down two flights of  
stairs.

## BIG BOATING EVENT IS HELD IN MADISON

Wisconsin and Washington State Uni-  
versity Crews Meet On Lake  
Monota.

Madison, June 4.—The rowing race  
between Wisconsin and the University  
of Washington will not start until  
nearly five o'clock. If weather per-  
mits the race will be rowed on Lake  
Monota and at noon the outlook was  
that the race would be on that lake.  
If the lake is rough the race will be  
on Monota.

## WOODMEN MEMORIAL DAY IS CELEBRATED

On Sunday In Beloit—Wallace Ingalls  
Is Orator of the Day—National  
In Its Observance.

Madison, June 4.—The annual  
Woodmen Memorial Day will be cele-  
brated throughout Wisconsin to-  
morrow. The Fox River Valley mem-  
ber will meet at Neenah, the Woodmen of  
Southern Wisconsin at Beloit and  
those of western Wisconsin at La  
Crosse.

Wallace Ingalls of Beloit, one of  
the candidates for the republican nom-  
ination for congress, will be the orator  
of the day at Beloit.

## AUGUSTANA COLLEGE SEMI-CENTENNIAL

Swedish Lutherans and Alumni From  
All Parts of Northwest Attending  
Celebration At Rock Island.

Rock Island, Ill., June 4.—Swedish  
Lutherans and Alumni of Augustana  
College are gathering here from all  
parts of the Northwest to attend the  
celebration of the joint semi-centennial  
of Augustana College and of the  
Swedish Lutheran Augustana synod  
of North America, the national body  
that founded and for half a century  
supported the college. The double  
celebration will begin tomorrow morn-  
ing, when Dr. Andreen, president of  
Augustana College will deliver the an-  
nual baccalaureate sermon. In the af-  
ternoon greetings will be brought  
from the various colleges and academies  
of the synod. The commemo-  
ration exercises will be held on Monday  
and Tuesday will be Alumni Day. The  
jubilee celebration will close on Thurs-  
day and will be followed by a busi-  
ness session of the Augustana synod,  
which will probably continue until the  
15th. Among the speakers at the  
jubilee exercises will be Herman L.  
F. Lagercrantz, Swedish minister to  
the United States; Bishop Paul Schell  
of Sweden; Professor Henrik Schuck,  
rector of Upsala University; Profes-  
sor Thoren of the University of Lund;  
Governor Deneen of Illinois; Gov.  
Eberhart of Minnesota; Judge Gos-  
sard of Chicago, Chief Justice Peck of  
Chicago and many other distinguished  
Americans.

## GLASGOW TOWEL W. C. T. U. OF WORLD

Eight Triennial Convention To Open  
Next Tuesday—Fifty Countries  
Will Be Represented.

Glasgow, June 4.—Women temper-  
ance workers from all parts of the  
globe are congregating here to attend  
the eighth triennial convention of the  
World's Woman's Christian Temper-  
ance Union, which will open its ses-  
sion in St. Andrew's Hall next Tues-  
day. More than fifty countries will  
be represented at the big congress,  
which will be in session through the  
week. The opening of the congress  
will be preceded on Monday by an in-  
day devotional meeting, followed by  
the evening by a reception by the  
Lord Provost. Among the American  
delegates will be Mrs. William S. M.  
Stevens, president of the National  
W. C. T. U.; Miss Eva Milbrodt Fos-  
ter, Anna Anna A. Gordon, Mrs. Sarah  
H. Hays, Mrs. Mary Sedwick, Miss  
Sarah Rowell Wright, president of the  
Canadian W. C. T. U. and many other  
distinguished White Ribboners.

## IN MEMORY OF PRISON MARTYRS

London, June 4.—There was a  
large gathering of Americans in the  
obscure little church of St. Michael's  
at Dartmouth today, when Mrs. Wil-  
liam Gerry Shale, of New York, na-  
tional president of the National So-  
ciety of the United States Daughters  
of 1812 unveiled the beautiful stained  
glass window recently placed in that  
church in memory of the American  
prisoners of the war of 1812 who were  
detained in the Dartmouth prison and  
helped to build St. Michael's church.  
During the war of 1812 about three  
thousand Americans were held as  
prisoners of war at Dartmouth, and  
hundreds of them died from cold and  
hardships during their imprisonment.  
There are more than 200 American  
seamen buried in the churchyard of  
St. Michael's.

## MUCH DAMAGE DONE BY SEVERE QUAKES

Santiago, Cuba, Said to Have Suffered  
From Disturbances  
on Friday.

Hayama, Japan, June 4.—Reports received  
from Santiago today declare that great  
damage was done by a violent earth-  
quake yesterday. Many business  
houses and residences were destroyed.

## PRIMARY TEST IN TENNESSEE

Split in Democratic Party In Outcome  
Of Action Of Gov. Patterson In  
Pardoning Duncan Cooper.

Nashville, Tenn., June 4.—The  
party primary system of nominations  
for high offices is undergoing a novel  
test in Tennessee today, where a  
State-wide primary is in progress for  
the purpose of naming candidates for  
governor and other state officials.  
Representatives of Congress, judges of  
the supreme court and the court of  
civil appeals, and members of the  
legislature.

The interesting feature of the entire  
contest is the split in the Democratic  
party between the supporters and op-  
ponents of Governor Malcolm R. Pat-  
erson, who is a candidate for re-com-  
mission. The fight hinges on the action  
of Governor Patterson in pardoning  
Col. Duncan B. Cooper, convicted of  
the murder of former Senator Car-  
mack, on the same day that the State  
Supreme Court affirmed the sentence  
of twenty years against Cooper.

The action of the Governor called  
forth a bitter protest from the judges  
of the supreme court, who are op-  
ponents of Governor Patterson and the  
Democratic party machine. Immediately  
they began to lay plans to defeat the re-  
election of the three judges who would  
not agree with the Governor in favor-  
ing the anti-Carmack faction.

Heretofore, the Judiciary nomina-  
tions have been kept out of the general  
primaries, but Governor Patterson has  
insisted that three candidates in  
sympathy with his cause be nomina-  
ted in today's primaries to defeat the  
three independent judges.

In retaliation the independent Democ-  
rats, or those opposed to the Govern-  
or's course in respect to the judic-  
iary, held a mass convention in this  
city two weeks ago and nominated an  
independent ticket for the state su-  
preme court and the court of Civil  
Appeals. This means two sets of  
Democratic candidates in the field for  
places on the bench. The Republicans  
of the state have given their assis-  
tance to the independent cause by re-  
fraining from nominating opponents  
to the three Democratic judges Gov-  
ernor Patterson wants elected.

Georgia State Primary.

Atlanta, Ga., June 4.—In pursuance  
to the call of its chairman, Hewitt  
A. Hall, the Democratic state execu-  
tive committee met here today at the  
Kimball House to decide upon the  
date of the state primaries, at which  
a governor and other state officials  
are to be selected. As the date of the  
primary is set by law arbitrarily be-  
tween August 6 and August 17, the  
committee will select a date between  
those two.

## OKLAHOMA'S BIG CAPITAL CONTEST

Between Guthrie and Oklahoma City  
Will Be Decided Next Saturday  
—Political Fights Impending.

Washington, D. C., June 4.—Iowa  
and South Dakota, the two states in  
which the "insurgent" sentiment has  
gained great headway, will be the  
scenes of political strife during the  
week. In conventions and primaries  
the Republican progressives and stand-  
patters will fight it out to a finish  
and the result will be awaited with  
deep interest by those who are watch-  
ing for the national drift in Republi-  
can politics.

Both the Democrats and Republi-  
cans of Arkansas will hold their con-  
ventions during the week. Another  
event of political interest will be a  
conference in Milwaukee of the Repub-  
licans of Wisconsin who are support-  
ers of the national administration.  
Several congressional contests will be  
decided, one of the most interesting  
being that in the Fifth Kentucky dis-  
trict, where Representative Swager  
Shelley is making a hard fight for  
renomination.

The state capital contest, which has  
kept Oklahoma in a fever of excite-  
ment for some time, will be decided at  
a special election to be held Satur-  
day. The contest is between Guthrie,  
the present seat of the state govern-  
ment, and Oklahoma City. The latter  
lays claim to the capital on the ground  
of advantages of location and because  
it is the metropolis of the state.

The proceedings of the National  
Congress of Mothers at Denver, the  
annual Rose Carnival at Portland,  
Ore., the dedication of a Confederate  
memorial on Johnson's Island, near  
Sandusky, Ohio, and the congress of  
the Playground association of Ameri-  
ca, at Rochester, will figure in the  
news of the week.

The cable despatches will tell of  
the reassembling of the House of Con-  
gress and of the conferring of the  
honorary degree of D. C. L. upon  
Professor Roosevelt of Oxford Uni-  
versity. On the same day that he re-  
ceives his honorary degree Mr. Roose-  
velt will deliver his Romanesque lec-  
ture at Oxford.

Other events abroad of interest to  
American readers will be the World's  
Woman's Christian Temperance Union  
Congress in Glasgow, the Pan-Protes-  
tant Congress in Dublin, the World's  
Missionary convention in Edinburgh,  
the fourth International Horse Show  
in London, and the celebration at  
Edinburgh of the centenary of the  
establishment of the first savings  
banks.

Two American brides will figure in  
weddings early in the week. Miss  
Margaretta Drexel of Philadelphia  
will marry Viscount Maitland,  
and Miss Mildred Carter, daughter of  
J. R. Carter, American Minister to  
the Balkans, will become the bride  
of Viscount Acheson, eldest son of the  
fourth Earl of Gosford.

## REVIS COLLEGIATE BASKET-BALL RULES

Committee is Holding Annual Meet-  
ing in New York With This Pur-  
pose in View.

New York, June 4.—The annual  
meeting of the Collegiate Basket-  
ball Rules Committee began here to-  
day with a large attendance of dele-  
gates from colleges in all parts of the  
country. The session will be devoted  
to the consideration of suggestions for  
changing the basketball rules for the  
coming winter season.

## HOUSE TRIBUTE TO WM. C. LOVERING

Memorials Will Be Offered Tomorrow  
To Late Representative Of 14th,  
Massachusetts District.

Washington, D. C., June 4.—The  
House of Representatives will as-  
semble tomorrow to pay honor to the  
memory of the late Representative  
William C. Lovering of the fourteenth  
Massachusetts district. Addresses  
will be delivered by his Democratic  
successor, Representative Eugene N.  
Foss, Representative Samuel W. Mc-  
Call, Representative Frederick H. Gil-  
lett and other members of the Day  
State delegation.

## MUCH DAMAGE DONE BY SEVERE QUAKES

Santiago, Cuba, Said to Have Suffered  
From Disturbances  
on Friday.

Hayama, Japan, June 4.—Reports received  
from Santiago today declare that great  
damage was done by a violent earth-  
quake yesterday. Many business  
houses and residences were destroyed.

## JENKINS FACES DIFFICULT TASK IN PORTO RICO

Former Badger Congressman, Recent-  
ly Appointed District Judge, Will  
Have Many Troubles.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., June 4.—Interesting,  
especially to Wisconsin people who  
will follow the fortunes of former  
Congressman John J. Jenkins of Chil-  
pewin Falls as United States district  
judge in Porto Rico, to which position  
he recently was appointed by Presi-  
dent Taft, is an interview given to-  
day by Herbert A. de Lima, now a  
Madison lawyer, who has just return-  
ed from the island, where he prac-  
ticed law for four years in the court  
over which Judge Jenkins will pre-  
side. Mr. de Lima is a son-in-law of  
Graham L. Rice, former Wisconsin  
railroad commissioner and now com-  
missioner of fundation for Porto  
Rico.

Mr. de Lima pointed out that Judge  
Jenkins will not receive a salary com-  
pensation with the importance of the  
amount of work attached to his posi-  
tion, the stipend allowed being only  
\$5,000 a year. He also showed that po-  
litical conditions on the island will  
not contribute to the new jurist's  
happiness, inasmuch as the dominant  
party there, the unionist, often has  
displayed its antagonism toward the  
court and toward the manner in which  
American control of the island is ex-  
ercised. The Porto Rican federal  
court has jurisdiction in all civil  
cases between natives and Americans  
or between natives and foreigners in  
which the amount involved exceeds  
\$1,000, and appeals lie direct to the  
United States supreme court. There  
being no circuit and consequently no  
federal appellate court. The proceed-  
ings of the court are all in English  
and the jurors are drawn from among  
resident Americans and such native  
Porto Ricans as can understand Eng-  
lish. There are two terms of the  
court, beginning in April and October.  
Sessions are held at the capital, San  
Juan, and also at Ponce and Naya-  
guez.

During the course of an exhaustive  
review of economic and political  
conditions on the island, Mr. de Lima took  
occasion to denounce in no uncertain  
terms the administration of the office  
of commissioner of education by the  
present incumbent, Edwin Grant Drex-  
ter, in whose hands lies the direction  
of the education of the youth of Porto  
Rico. Manifestly, he declared, the fu-  
ture of the island to a large extent will  
be affected by the manner in which  
this office is administered, and he un-  
qualifiedly declared that the present  
administration is anything but conducive  
to the best interests of the boys and girls  
of Porto Rico.

"However," said Mr. de Lima, "Mr.  
Drexter's term of office expires short-  
ly, and it is hoped that he will enter  
others fields and that Mr. Taft will  
look for a man whose combined quali-  
ties as an educator, student of Spanish  
and human nature will fit him for the  
position."

## PLEADS NOT GUILTY TO MURDER CHARGE

Mrs. Vera E. Prosser Held Without  
Bail Charged With Shooting  
Former Husband.

Libby, Montana, June 4.—Mrs. Vera  
E. Prosser is held today without  
bail by the District on the charge  
of murdering her recently divorced  
husband, Elmer H. Prosser, on a Great  
Northern Train Thursday. She plead-  
ed not guilty, waived preliminary ex-  
amination and was bound over to the  
District Court. The former's ver-  
dict was that Prosser had met death  
by gunshot wounds inflicted by  
Mrs. Prosser. The tragedy followed  
love scene, which followed advances  
both by Prosser and his divorced  
wife, toward reconciliation and re-  
marriage.

## WOMAN ARRESTED ON CHARGE OF BIGAMY

Mrs. Dorey Just Released From  
Charge of Poisoning Man Again  
In Law's Toils.

St. Louis, Mo., June 4.—Mrs. Dora  
E. Dorey was acquitted last night  
on the charge of the murder of Wil-  
liam J. Erder, was arrested early to-  
day on a warrant issued in St. Louis  
county on the charge of bigamy. It  
was in Clayton, the state charges, Mrs.  
Dorey married Erder.

## CHINA AGAIN FACES A BOXER REBELLION

Word From Peking Says That Indica-  
tions Point to Decisive Up-  
rising Soon.

Peking, June 4.—A repetition of the  
Government uprising of a decade ago on  
a much larger scale is feared by govern-  
ment officials in view of further  
alarms reports received today from  
parts of three provinces. The situa-  
tion is declared to be analogous to  
that preceding the Boxer outrage. The  
trouble is purely anti-foreign.

## PLAINWELL, MICH., BANK IS CLOSED

By Order of State Bank Examiner—  
Cashier Invested \$38,000 in Texas  
Land Without Permission.

Plainwell, Mich., June 4.—The Chi-  
cago State Savings bank was closed  
today by the State Bank Examiner  
Zimmerman. Cashier Shepard is  
charged with having invested \$38,000  
in Texas lands without the approval  
of the directors.

## MONUMENT TO BRAVE CUSTER

WHO MET DEATH IN BATTLE OF  
LITTLE BIG HORN

IS UNVEILED AT MONROE

President Taft, Senator William  
Alden Smith, And Others At  
Unveiling Ceremony in Michigan  
Town.

(SPECIAL TO THE GAZETTE.)

Monroe, Mich., June 4.—In the home  
of his adoption eloquent tributes were  
paid today to George A. Custer, civil  
war soldier and famous Indian fight-  
er, when the Potter monument to the  
illustrious general who met death  
while leading his troops in battle of  
the Little Big Horn was unveiled in  
the presence of the President of the  
United States, the Governor of Michi-  
gan and numerous other promi-  
nent guests. Michigan, Indiana and Ohio  
contributed large delegations to the  
immense crowd of visitors who as-  
sembled to witness the unveiling cere-  
monies. Nearly all of the surviving  
officers and soldiers of Custer's  
Michigan Cavalry Brigade were in at-  
tendance.

The President was escorted to the  
scene of the day's ceremonies by a  
considerable number of troops of the  
Michigan National Guards. The crim-  
son rod of the artillery corps, the rat-  
tle and clatter of the horses and the  
field pieces, the playing of the mili-  
tary bands, and the many marching  
militiamen served to tint the process-  
ion with just enough martial color to  
make it from a fitting preliminary to  
the unveiling of the bronze monu-  
ment to the famous soldier.

Ohio Kirehner of Detroit, chairman  
of the monument commission, was  
master of ceremonies, and made a  
short introductory speech in which  
he referred most eloquently to the  
noted Indian fighter and to the at-  
titude of the monument which

## MONUMENT TO BRAVE CUSTER

WHO MET DEATH IN BATTLE OF  
LITTLE BIG HORN

IS UNVEILED AT MONROE

President Taft, Senator William  
Alden Smith, And Others At  
Unveiling Ceremony in Michigan  
Town.

(SPECIAL TO THE GAZETTE.)

Monroe, Mich., June 4.—In the home  
of his adoption eloquent tributes were  
paid today to George A. Custer, civil  
war soldier and famous Indian fight-  
er, when the Potter monument to the  
illustrious general who met death  
while leading his troops in battle of  
the Little Big Horn was unveiled in  
the presence of the President of the  
United States, the Governor of Michi-  
gan and numerous other promi-  
nent guests. Michigan, Indiana and Ohio  
contributed large delegations to the  
immense crowd of visitors who as-  
sembled to witness the unveiling cere-  
monies. Nearly all of the surviving  
officers and soldiers of Custer's  
Michigan Cavalry Brigade were in at-  
tendance.

The President was escorted to the  
scene of the day's ceremonies by a  
considerable number of troops of the  
Michigan National Guards. The crim-  
son rod of the artillery corps, the rat-  
tle and clatter of the horses and the  
field pieces, the playing of the mili-  
tary bands, and the many marching  
militiamen served to tint the process-  
ion with just enough martial color to  
make it from a fitting preliminary to  
the unveiling of the bronze monu-  
ment to the famous soldier.

Ohio Kirehner of Detroit, chairman  
of the monument commission, was  
master of ceremonies, and made a  
short introductory speech in which  
he referred most eloquently to the

titude of the monument which

## PLEADS NOT GUILTY TO MURDER CHARGE

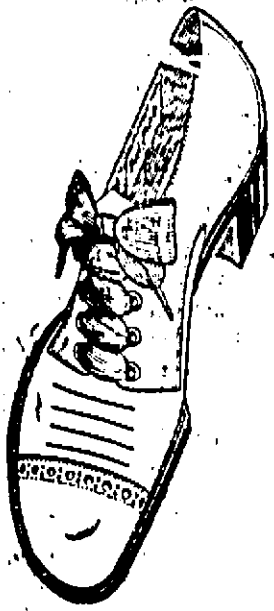

Mrs. Vera E. Prosser Held Without  
Bail Charged With Shooting  
Former Husband.

Libby, Montana, June 4.—Mrs. Vera  
E. Prosser is held today without  
bail by the District on the charge  
of murdering her recently divorced  
husband, Elmer H. Prosser, on a Great  
Northern Train Thursday. She plead-  
ed not guilty, waived preliminary ex-  
amination and was bound over to the  
District Court. The former's ver-  
dict was that Prosser had met death  
by gunshot wounds inflicted by  
Mrs. Prosser. The tragedy followed  
love scene, which followed advances  
both by Prosser and his divorced  
wife, toward reconciliation and re-  
marriage.

## WOMAN ARRESTED ON CHARGE OF BIGAMY

Mrs. Dorey Just Released From  
Charge of Poisoning Man Again  
In Law's Toils.

The wearers of Hannan shoes never look farther. They are the leaders in high grade shoe-making. Have you ever tried a pair? \$5.00 and \$5.50.

DJ LUBY & CO.

### The Power Question

If you could have as good meals as are prepared in your kitchen delivered hot at your table three times every day and at less cost, would you bother with servants and marketing?

If you could have an extra meal delivered whenever you wanted it, or a meal before or after the regular meal hour, or a meal for any number of guests without any other effort than saying at the eleventh hour that you wanted it, for less than it would cost you in the kitchen, would you bother with servants or marketing?

Of course not. Then being a manufacturer, why bother with power plant labor and vexations when you can save money by letting us install Electric motors and deliver power to your factory in any quantity needed at any hour of the twenty-four?

Think it over. **Janesville Electric Co.**

### MR. FARMER,

Do you realize that you are paying too much for your stock food? It costs you 6 or 7 cents a pound in 100-lb. lots, 10c to 25c in smaller quantities. Why not make it yourself? Buy 3 lbs. sulphur, 3 lbs. salts, 1 lb. kenta, 1 lb. sulphate, 1 lb. Potassium, mix this with 100 lbs. of oil cake—costs you about 3 1/2 cents a pound for the best stock food, and you are not paying a high price for buckwheat hulls or peanut shells. Here is a good general liniment for sprains, lameness, etc.: 4 oz. A. V. ammonia, 4 oz. sweet oil, 4 oz. turpentine, 1/2 oz. oleo-acid oil nutria enough to fill one pint bottle. Costs you 50c. Filling wagons charge you one dollar for this.

For worms in stock use 4 ozs. worm-seed, 4 ozs. sulph. iron, 2 oz. alum—mix.

For wind puff, swollen joints, bad sprains, use Tr. iodine 2 oz., sweet oil 2 oz., turpentine, 2 oz.—mix and rub on twice a day.

Medicine wagon sell you a veterinary salve, one-half pound box for 50c, and the same salve for household use, perforated a little, 2 oz. for 25c. All these salves are petroleum jelly colored in different ways. You can buy this salve of us at 25c a pound—two dollars' worth for 25c. You pay a big price to those peddlers for having this stuff delivered to your door. We will gladly and freely give you any receipt you want. Come in and talk with Mr. Pfennig, our graduate pharmacist and chemist about medicine or stock remedies. Five minutes' talk with him is worth dollars to you. It's well worth your while to find out what real drugs are worth. Buckor Drug Co., Milwaukee and River streets. The drug store that makes a specialty of drugs.

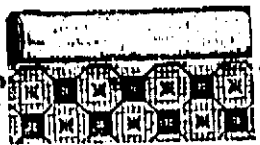

TABLE OIL CLOTH

Standard goods at right prices. Every sale means a satisfied customer.

Highest grade table oil cloth, one and one-fourth yards wide, unsurpassed variety of latest patterns, small checks, floral, modern, floral and all over designs, plain white or white with blue vein marble effect. The price is 18c a yard.

Black oilcloth, one and one-fourth yards wide, enamel finish, used for upholstery, carriage covers, etc. at 25c yd. Short oilcloth, finest quality and finish, plain colors with fancy gold borders, at 6c a yard.

**Hall & Huebel**

### LOCAL SHIPPERS ARE INTERESTED IN RATE CHANGES

Proposed Increase in Freight Tariffs, Opposed by Government, Will Affect Janesville in Passed.

With the Sherman anti-trust law as a club, the United States Government through an injunction granted by Judge Dyer of Hannibal, Mo., has held up the proposed general freight rate increase announced by the roads belonging to the Western Trunk Line Association and Janesville manufacturers in common with others in this section of the country are free to study the situation that arises through the filing of new freight tariffs by eastern roads with the Interstate Commerce Commission which has the commodity rates in all territory north of the Ohio and east of the Mississippi rivers about twelve and a half per cent.

According to J. A. Craig of the Janesville Machine Company, it is impossible to tell what effect the contemplated increase in rates will have on copies of the new tariff have not been received. It is his impression, however, that much of the excitement incident to the increase is purely political and the result of ungrounded opposition to the roads. He also thinks that while all the new tariffs would undoubtedly have a substantial effect on the long haul, shipments over short distances will not be materially affected and consequently the majority of the local products would escape.

That the eastern roads fear governmental action, similar to that which put a temporary stop to the western association, is shown by the fact that a secret meeting of all the traffic managers and presidents of roads meeting in Chicago was held recently at which it was stated that the public has been misled as to the true rate situation and the roads, plans and that success in the attempt to frustrate an advance in rates would spell ruin to the railways.

It is also certain that shippers and manufacturers will fight to the utmost to defeat the contemplated increase in freight rates on eastern roads, and will attempt to induce the government to issue an injunction under the anti-trust law to prevent the increase in commodity rates in the territory north of the Ohio and east of the Mississippi, exactly as has been done in the case of the western roads. It is considered impossible to extend the scope of the injunction already issued to include the eastern roads and a new injunction will be necessary.

While the meeting of the railway officials was in progress, manufacturers' associations were busy scribbling out circulars urging shippers to appeal to their congressional representatives to combat the new advances scheduled by the eastern roads and it is likely that this campaign will be taken up by associations of shippers throughout the eastern country affected. This move will actively extend the railroad rate fight at once to every section of the Missouri river and the Atlantic seaboard and is expected to make of the eastern trunk lines defendants in a similar proceeding. Janesville have been asked to register their protests but as yet no united action has been taken.

Among the eastern roads who filed copies of their new tariffs with the Interstate Commerce Commission are the New York Central and Hudson River Co., the West Shore Railway Co., and the Delaware, Lackawanna and Western Railroad Co. The rates to become effective July 5. An advance in commodity freight rates estimated from Chicago to New York has also been filed by the Baltimore and Ohio railroad company. It will take effect July 1. The average increase is approximately 7 1/2 per cent.

Some of the increases that will affect this city are given in the tariff filed by C. E. Fulton of Chicago acting as agent for the Chicago and Ohio river committee, which committee represents the roads whose increases will be paid by the shippers and consumers of this section. The tariff is applicable to Chicago and Milwaukee and all stations taking their rates. The new rates will be effective between these points and Cincinnati, O., Indianapolis, Evansville, Jeffersonville, Madison and New Albany, Ind., and Louisville and Owensboro, Ky.

The changes from present rates are on classes and commodities (except coal and coke). Some of the advances are as follows:

Sulphate of alumina, 12 1/2 per cent; asphalt, 12 1/2 per cent; best pulp, 12 1/2 per cent; cement, 15 per cent; light oil of tar, 9 per cent; lime, 13 per cent; oil, pine, rosin, oil tar, 9 per cent; oil tar, 31 per cent; petroleum oil and pine pitch, 4 per cent; soda, 6 per cent; tar, coal or gas, 12 1/2 per cent; whitening, 13 per cent.

All of the lines in the territory affected by the tariffs are parties to the proposed new rates, the filing with the commission having been done by the authorized agent of the various roads.

While it would seem to the average consumer, after looking over the commodity affected, that he would be unaffected by the rates in rates, this impression is incorrect, for no matter what commodity is picked out for a rate advance, the consumer in the end pays the bill. Should eastern roads advance rates on commodities shipped west, the western buyer would be the one to pay.

Much campaign material is being made by the so-called progressive newspapers regarding the contemplated increase and the question is brought home to the consumer in a vivid manner. While the conclusions are correct, should the premises actually be as given, the nub of the whole matter is, will the rates be increased as given? Should the rates be increased as stated, the consumer would be affected as stated below, but if the rate increases do not affect the commodities given, then the average consumer will have less to pay.

A 20 per cent increase in all freight rates would produce \$336,583,860 additional revenue for the railroads, every cent of which would be added to the cost of living. This sum equals all the annual life insurance premiums paid in the United States, and is half as much again as all the people of the nation find it possible to spare for amusements and vacations.

### EXERCISES HELD AT NEW GLARUS TUESDAY

Graduation Program Was Given in the Swiss Reformed Church Last Tuesday.

[SPECIAL TO THE GAZETTE.]

New Glarus, June 4.—The Commencement exercises at the Swiss Reformed church last Tuesday evening were attended by a large crowd. The church was most beautifully decorated with ferns and red roses, the chancel flowers and the class colors, lavender and green, were extended from the arch and the form of the class motto, "Trust in God." The program was an interesting one and listened to by an attentive audience. The first number a piano duet, by the Misses Elmer and Stauffer, was beautifully played. The dandelion and sweet peas song by the Kindergarten and first grade children was well rendered. The essay on "The Red Cross Society" by Miss Mary Hooley one of the graduates, was a fine number. She spoke of the origin of the society and of the good work performed by them, and how it grew to a very large institution benefitting the whole world. The reading by Master Herman Becker, "I'm Going Back to Grandpa's," was excellent, next was the essay on Thomas A. Edison, by the other graduate Paul Hefty, which was a thorough discussion of one of the ablest men and citizens of the U. S. The soprano solo, "If I Had the World," by Mrs. Schuler, was listened to with great interest. Henry Stuewey, president of the board of education, presented the diplomas and in a few well selected words to the graduates, pupils, teacher and audience, spoke of the schools, the work and the rewards obtained by faithful work. The song by the Ladies Guild, "Kellhofer, of the Evangelical church," was present and gave the invocation and benediction.

Dr. Hooley, S. A. Schlatter and Albert Schlatter left for New York last Tuesday where they will participate in the National Shooting tournament held for 10 days there. All are fine marksmen and no doubt they will succeed in capturing some of the prizes.

The alley property, which was owned by Mr. Marty of Broadhead was traded for Dakota land and sold. Strife bought the corner lot.

E. S. Hillon was a Madison visitor last Tuesday.

Rev. and Mrs. Roth, the Misses Veronia Freitag and Bertha Schlatter and Mrs. Josina Hooley and Fred Ott, returned home from a few days visit at Franklin, Wis.

The Citizens Bank will open for business in Schlatter & Stuewey's hardware store, next week.

Graduation services will be held at

the Evangelical church next Sunday evening.

Thomas Hefty and T. C. Hefty were passengers to Madison last Wednesday.

Casper Zwilch, P. J. Marty of this place and Henry Elmer of Monroe, went to the Dakota's last Tuesday with the intention of buying land. Mrs. Albert Graf and son returned to their home at Fond du Lac after a few days visit here with relatives and friends.

Mr. and Mrs. S. H. Luchalinger were Monroe visitors this week. John Kaiser, president of the Helena milk condensing factory of Highland, Ill., is here to interest farmers to start a factory here. A meeting was held yesterday by the farmers discussing it. Mr. Kaiser said of 15,000 lbs. of milk could be supplied daily that amount has been signed already and prospects are good for the last half.

WILLIAM APPLEBY SECURED FOUR HUNDRED POUND BEAR

Chief Deputy United States Marshal Shoots Big Monster While Northern Part of State.

[SPECIAL TO THE GAZETTE.] Madison, Wis., June 4.—Chief Deputy United States Marshal W. H. Appleby of Janesville, has brought here a 400 pound bear which he killed in the northern Wisconsin woods.

### Theatre Cafe

We do our best to please everybody who comes here.

There is quality about our meals, and the service is as good as in any modern cafe.

The best grades of chops, roasts, steaks, vegetables, etc. every day and at any time.

A clean, quiet, modern restaurant with moderate prices.

**S. S. BENNER, Prop.** 122 East Milwaukee St.

### DO not make the mistake of buying a piano of poor tone quality for the children's use.

A knowledge of tone values can be obtained only by having an instrument of fine musical qualities.

It is better, therefore, to pay the price for a good piano than to select one of inferior merit.

We have ready for your inspection a collection of instruments which include all reliable grades at prices ranging from \$200 to \$500.

You will find these pianos sweet and resonant in tone and attractive in design.

The prices simply represent the worth of the instrument.

### J.M. BOSTWICK & SONS.

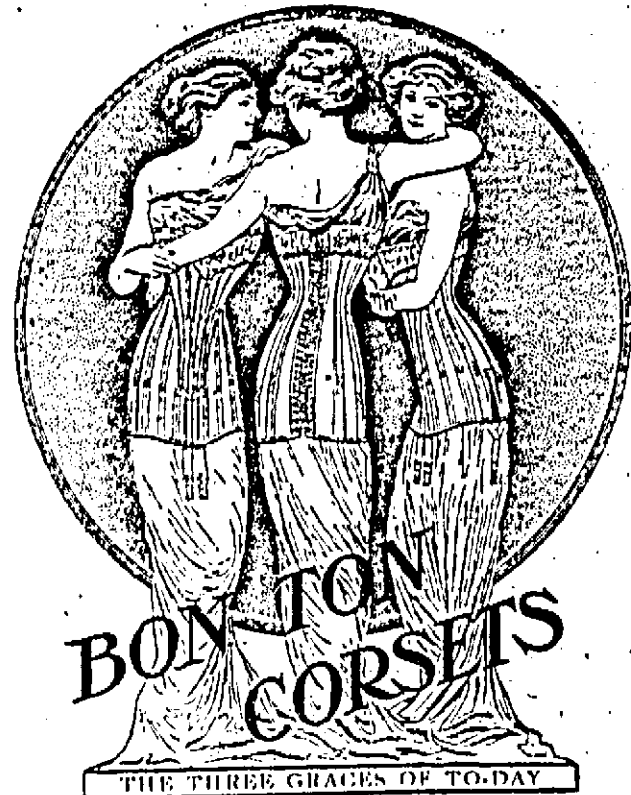

The Big Store carries a larger stock of Corsets than is found elsewhere in Southern Wisconsin, and because of this fact, most women prefer to be correctly corrected here. There are more styles to select from, there is a corset for every figure, and at a price that meets your ideas.

Let our expert saleswomen fit your next corset. Convenient fitting rooms.

We direct particular attention to our Bon Ton line.

Few, if any corsets, except the BON TON are worthy of comparison with such ideals of health, beauty and symmetry as the Three Graces.

The illustration portrays three views of an exquisite BON TON creation, modelled upon extreme lines fully in accord with the latest edict of fashion. Appropriate as the correct foundation of gowns for any occasion and especially for the new snug-fitting costumes of this season. The elastic gorges and unboned skirts are noteworthy features.

### BON TON CORSETS

For the full figure there are numerous BON TON models—different heights and lengths—and each one is designed to accomplish a special purpose. No type of figure requires more careful or correct corseting.

With a Bon Ton model properly fitted, all excess flesh is equally distributed, prominent curves subdued, and the wearer's form assumes the fashionable contour.

Model 910 is ideal for full figures. Has medium bust, long hips and front, and long back, flexible at bottom. Non-rustable boning, 6 supporters. White batiste. Sizes 19 to 30, PRICE \$3.00. Sizes 31 to 35, PRICE \$3.50. 900 same model, coutil.

Every woman who once wears BON TON corsets usually becomes an enthusiastic devotee and could not be induced to wear another kind.

There is a subtle charm and grace about all BON TON corsets that excites your admiration the moment you see them.

Model 916 portrays the prevailing corset fashion for the average figure. Has medium bust, very long hips and cutaway front. Very long back, flexible at bottom. 6 hose supporters. Non-rustable boning. White batiste. Sizes 18 to 30. PRICE \$5.00. 906 same model, coutil.

**TWO HEARTS THAT BEAT AS ONE**  
will never drift apart while our delicious candy is used as a cement. But with each box you buy here there will be an added sweetness to life and love. No woman is too young to appreciate our candy, none too old to enjoy it. If you want to make some woman—any woman—happy, stop in here and buy a box of our boxed sweethearts.

**PAPPAS CANDY PALACE**  
The House of Quality.

**400 GILT EDGE FURNACES**  
NOW OPERATED IN ROCK COUNTY  
and every owner satisfied. This great number of furnaces were sold upon merit and they are delivering the goods. When you buy a furnace, buy a practical one, one that has stood the test. The Gilt Edge gives the best of satisfaction. They are moderate in price too.  
Any size you wish.

Steers and cows—\$1.50@1.75.  
Eigh, Butcher Market.  
Eigh, Ill., May 31.—Butter, firm at 28c.  
Buy it in Janesville.

## GRAVES GIVES PLAN FOR FORESTRY WORK

Chief Forester Speaks at Dedication of New U. S. Laboratory at U. of W. This Afternoon.

(Special to the Gazette.)  
Madison, Wis., June 4.—Chief Forester Henry S. Graves was the principal speaker at the dedication of the new United States forest products laboratory just opened at the University of Wisconsin this afternoon. He outlined the work to be undertaken in investigating the more effective utilization of forest products as one of the important phases of the great conservation problem.

Prairie Pinchot As Great Leader.  
"The new laboratory is well placed, not only on account of its ready accessibility from all points, but also because of the value of the forest service of the association with the university," said Mr. Graves. "We wish to secure among our workers that spirit of search for the truth which characterizes this great institution of learning. The science of forestry is still in the creative stage. A great deal of the research and of the first work of establishing the practice of forestry must be done by the government. To carry on this work I consider it of the greatest importance that there be no lessening of that spirit of individual initiative, personal responsibility, and expression of honest conviction which has characterized the members of the service under the inspiration of our great leader, Gifford Pinchot."

Two-Fold Problem of Forest Conservation.

"The problem of forest conservation," continued the speaker, "must be worked out from two standpoints: first, by securing the greatest possible economy in the utilization of forest products; and, second, by producing new supplies through forest growth."

"The fundamental purposes of the work in forest products are, first, to bring into use the greatest possible amount of the products of the forests with the least possible waste; and, second, to place these products to their best use."

"In its work in products, the forest service keeps in view two objects: first, direct aid to the various wood-using industries; and, second, forest conservation in its broadest sense. To Co-Operate With Great Industries."

"The determination of the fundamental facts and principles of wood utilization is the first step. To secure the practical application of those principles requires the assistance and co-operation of all those interested in them in a practical way."

"There has been a most gratifying co-operation with the forest service by the different railroads, lumber companies, paper companies, wood-working concerns, and trade associations."

Forestry Must Have Public Support.  
"In forestry, as in other conservation problems, there must be some present public investment for the future welfare of the country. The investment will take two forms: first, an increased price of products, which must approach the cost of producing them by growth; and, second, a direct investment in public forests and forests. So far the public has not appreciated this condition. There have been public appropriations for the ad-

ministration of the federal forests, but the various states have not yet begun to make the investment necessary to solve their local problems of forestry. The general public is apparently not yet prepared to pay more for the products in order to cover the cost of conservation."

"One of the first necessary steps is public education regarding our resources and the conditions of their utilization. A better appreciation by the public of the conditions of forest production, logging, and manufacturing of lumber, is essential to the work and adjustment of the production of lumber to the needs of the people."

Nothing for the Judge.  
"Have you," asked the judge of a recently convicted man, "anything to offer the court before sentence is passed?"

"No, your honor," replied the prisoner; "my lawyer took my last cent."

**E-M-F**  
THIRTY

Whoever owns an E-M-F car is contented to the very last degree. There is nothing he desires in an automobile that he doesn't possess. He goes where he pleases, runs as fast as he wants to, enjoys all the luxury a car can give him and isn't burdened with excessive cost of upkeep.

This car accomplishes as much as though you had paid double the price. The value of an automobile isn't fixed by its price. If a \$1,250 car performs fully as well as a car costing twice as much, what's the answer?

This E-M-F has shown the whole civilized world that a fine automobile that satisfies every want can be built for \$1,250. It is so good that it can't be improved. It's been tried, but there is nothing to improve. Go over it with a magnifying glass, if you don't believe it, and tell us where there is a weak spot.

It runs like a watch—it has perfect springs and doesn't jolt the life out of you. Its motor is silent—the only noise you can hear is the whirr of the tires on the earth. Its materials are high grade—they last—they are built to stand the strain and bumps you give your car. The body is beautiful—the design dashing.

## The Master Stroke in Motor Car Designing

The success of the Overland is credited entirely to the master engineers who designed it. They had as a guide all that others had done. But it is what they added which has made this car the masterpiece of mechanism. It is their simplified construction, their marvelous engine, their method of control which have brought the Overland to this envied place.

### ALL THE BEST IDEAS

Before the Overland was made, motor car engineering had reached a high state of development. Time had already told which features were best for almost every part of the car. And the designers of the Overland, knowing these facts, combined the best ideas developed.

But they made a new engine, and it happens to solve the most serious of motor problems. It is quiet and powerful. It is free from complexities. The worst noise can always keep going.

In one of our tests, employing three shifts of men, we ran it 7,000 miles without stopping. And many an owner has run it up to 10,000 miles without even cleaning a spark plug.

Seemingly nothing can faze it. This faithful engine has done more than all else to bring Overland cars to the top.

### THE SIMPLIFIED CAR

The next greatest step was to reduce the number of parts. In one part, for instance, they invented one piece which takes the place of 45. And every part saved reduces the risk of trouble.

They devised the pedal control found in three of the Overland models. Push one pedal forward to go ahead and backward to reverse. Push another pedal forward to get on high speed. The hands have nothing to do but steer.

As a result, a child can master the car in ten minutes. Any member of the family can run it.

The car is easy to care for, and the cost of upkeep is slight. For the man who runs his own car, and who seeks for economy, the Overland has every advantage.

### REDUCTION IN COST

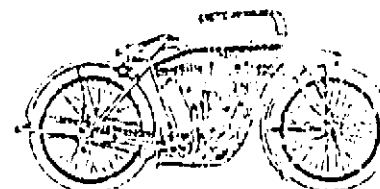

We have never attempted to stint the cost of the Overlands. We use the four separate cylinders, the five-bearing crank shaft, and ball-bearing transmission. Also many other costly features which some medium-priced cars omit.

Every part is as good as it can be. The major part of our output comes from a factory which for years turned out a \$1,250 car. It is made by the same workmen, under the same inspection.

But we have cut the cost, and yet bettered the car, by using the newest, automatic machinery. The Overland—like a watch—is built by machines which make no mistakes and permit no variation.

And we have cut the cost by multiplied production. Also by making the parts which other makers buy. The reduction in cost has been 20 per cent within the past year alone. Now our output is so large that none can compete with us.

## What Do You Do With Your Tires When You Have a Cut or a Blowout in Them?

Do you lace a boot over the outside or do you place a sleeve inside to hold your tube from blowing out?

Do you do either of these or do you have it repaired right? Do you make one of these emergency repairs do you till your tire becomes water-soaked and sand-blistered; till it needs a re-tread or a re-build or is beyond repair? Do you do this or do you have it vulcanized—fixed right?

### EMERGENCY BOOTS ON TIRES HARMFUL

Do you keep on using these emergency repairs till your tires are all covered with unsightly patches and bumps and riding in your car is like bumping the bumps at a ten cent amusement park? Do you do this or do you have a nice, neat repair job done, a job that will not be seen except upon a close examination, a job that will hold as long as your tire lasts, a job that preserves and lengthens the life of your tire?

A boot or a shoe is a mighty fine thing to have in case of an accident and it really is a cheap repair. BUT does it pay you in the long run to keep it on instead of taking it off as soon as you get home and having a first class section put in, a section that will not come out and is guaranteed not to give way? It does not.

### HERE'S WHY IT DOES NOT PAY

Suppose you use a boot. A boot not only detracts from the appearance of your car and makes a good car look cheap, but it positively and surely ruins your tire. You might as well be driving your tires over stones the size of teacups as to keep pounding that boot into your tire every time the wheel goes round. The effect is the same. It bruises and breaks the fabric till the plies are separated and your tire is in bad shape—fit for the junk pile or in need of far more costly repair than when you applied the boot.

Besides pounding your tire to pieces a boot allows sand and water to work between it and the tire. The water soaks into the open fabric at the break till it rots it and

makes it easy for the sand that has gathered beneath the boot to force itself farther between the plies of fabric or between the tread and carcass till the tread is loose or the fabric rotted, separated and your tire ruined.

### THE SAME MAY BE SAID OF INNER TUBES.

An inside shoe or sleeve is little better or little worse than the outside boot. In the case of the sleeve the cut in the tire picks up a little sand, water and mud at every turn of the wheel. The cut becomes clogged with it and every time the hole full of dirt and grit and sand hits the ground the weight of the car compresses it. It must go somewhere and it gradually works back in between the plies of fabric. You grind in valves with emery dust, so why shouldn't sand cut rubber? IT DOES and is probably the cause of more tire trouble than any other one thing you motorists have to contend with except improper inflation.

### THE QUESTION OF COST—PROMPT SERVICE

Which is the cheapest, Mr. Auto Owner—a cheap job and a cheap looking car and ruined tires or an A1 up-to-the-minute vulcanized repair?

It's up to you, Mr. Business Man Auto Owner. Can you afford to have your machine seen on the streets of Janesville with a clown tire on one wheel and the other looking like a cat chasing a rat around?

We repair white tread tires with white rubber, not black, and black tires with black rubber, not white, making your tires all the same color.

Why not give us a call? We're HERE in Janesville. No more need to send your tires away and have to pay express charges, besides having long annoying waits. Tube repairs left before noon can be had in the evening of the same day.

Sectional jobs 4 to 6 days. Retreads one week. Open evenings. Charges are reasonable.

## EDGERTON MAN GETS A SEVERE SENTENCE

Is On Black List in Tobacco City and Came to Janesville To Get His Whiskey.

EDGERTON, June 4.—Edward Moore, a retired farmer, with a bank deposit of ten thousand dollars, was sentenced yesterday to serve six months in the Rock county jail in lieu of a promise to reform and let \$1500 to keep his promise.

Moore is on the black list at Edgerton and went to Janesville and got his whiskey which he drank. He was arrested and refused to promise to reform and was sentenced to jail for six months by Judge North.

George R. Tinsley, of Edgerton, spent Friday in this city with his mother, Mrs. Hattie Tinsley and other relatives and friends returning Saturday morning.

Miss Mattie Maltreese is spending the weekend with her friend, Miss Alice Monney.

Mr. and Mrs. Charles Tonten and son, Charles, are visiting at Lou Dickenson's.

Miss Florence Dury is visiting in Madison. The guest of Miss Mrs. J. W. Russell, who has been seriously ill with inflammatory rheumatism, is reported to be improving.

Miss Tolbert gave a very enjoyable piano recital at Carlton Memorial hall last evening. Each number was well rendered.

Alan Earle went to Madison yesterday to attend a party at the U. W. and to see the boat races there today. He drove across the country in his auto, making quick time from here to Madison.

Royal Neighbors of Crystal Camp No. 122, are requested to attend the M. W. A. memorial exercises Sunday afternoon at 2 o'clock, at West Side I. O. O. F. hall.

## ENDORSED TAFT AT MEETING AT COURT HOUSE

## REPUBLICANS FROM ALL PARTS OF THE COUNTY GATHERING FOR CONFERENCE.

## DELEGATES ARE SELECTED

E. C. Smith of Beloit Presided as Chairman—County Organization To Be Perfected.

Republicans of Rock County who endorse administration of President William H. Taft, met this afternoon at three at the county court house and organized themselves into the first republican county convention since the spring of 1901. It was a representative gathering of men who have espoused the cause of republicanism for years past and met enthusiastically.

Aside from endorsing the administration of President Taft the session also elected delegates, thirty-two in number with thirty-two alternates, to attend the big Taft conference in Milwaukee next, which will be a representative gathering of republicans from all parts of the state. Steps were also taken to make permanent the county organization by the election of a republican county chairman and a county committee so that future conferences of conventions can be held when it is necessary.

Those in attendance came from all parts of the county and all former factional differences were forgotten in the assembling for the common good of the republican party and the principles it advocates. The meeting was called to order by State Senator John M. Whithead who read a portion of the state call for the Milwaukee conference and that referring to the calling of county conferences.

E. C. Smith of Beloit, was elected permanent chairman, committee on credentials and resolutions appointed and with the meeting was waiting for their reports. Alexander A. Matheson was called for and he gave an excellent talk of some fifteen minutes duration.

The committee on credentials accomplished its work by securing the signatures of those present to the general call for the Milwaukee conference and these were divided into assembly district delegations. These delegates meeting later by assembly districts and electing their respective delegates to the Milwaukee convention. The first assembly district, comprising the northern half of the county had eleven delegates, the second which comprises the city of Janesville and four towns, nine, and the third, the lower tier of towns including Beloit, twelve.

The resolution committee then reported the following resolution which was adopted:

"The Republicans of Rock County, assembled at Janesville this 4th day of June, 1910, in their first county party meeting since we ceased to hold nominating conventions, declare:

(1). We are in hearty accord with those Wisconsin Republicans whose public spirit moved them to issue a call for a state republican conference, to be composed of representatives chosen by county republican conferences held simultaneously throughout the state, pursuant to said call.

(2). We enthusiastically agree to the only credential required by said call of any Wisconsin Republican who would like to join with his fellow Republicans of the state in these party conferences—namely, his own avowed adherence to the principles of the platform adopted by the last National Republican Convention and his own declared loyalty to the administration of our Republican President, William H. Taft.

(3). It is our deep and abiding conviction, which it gives us the greatest satisfaction here and now to express, that the administration of President Taft has been wise, courageous, statesmanlike and patriotic to the highest degree; that he intends, and that with the loyal and unwavering support of his party he will be able to fulfill, not only every pre-election promise of himself or of his party, but to go even beyond such pledges in the accomplishment of the beneficent purposes upon which he has set his heart and mind, and we therefore demand that he have, both for his own sake as our party chieftain and for the sake of the country, as the President, the support of the united Republican party of this state and of the nation in his efforts to carry out, according to their letter and spirit, not only his own campaign pledges but also the pledges of our party, whose candidate he was and upon whose platform he was triumphantly elected to the highest office within the gift of the people.

(4). We are proud of the state administration of our Republican governor, James O. Davidson. He is a man of and in the closest sympathy with the people. His direction of the affairs of our state has been businesslike and devoted to the honor of his party and the welfare of all the people of our great state.

(5). Parties are essential to the maintenance of representative government. The members of parties should know each other, respect each other, trust each other, cooperate with each other, and to the end that these working conditions be preserved, it is indispensably necessary that they frequently meet in party committee, party party and party efficiency in governmental affairs can be preserved in no other way. That we have constant need of party meetings, to prevent the utter demoralization of our party and the final and complete obliteration of the lofty ideals of leadership which have always prevailed in the party from its birth, has been demonstrated by the experience of the past six years; and we therefore insist that a complete system of precinct, county, district and state party meetings be immediately reestablished by our party throughout the state, that a wise and just code of rules and regulations be formulated and promulgated by the authority of the proposed state republican conference for the guidance and

direction of our party in calling and holding its future local and state meetings, and that our delegation to said state conference be, and it is hereby, instructed to present this declaration to the state conference in our behalf and to urge its incorporation as a part of any platform that it may adopt.

One hundred and fifty signed the roll as members of the convention.

## MINISTERS AT THE LINKS ON MONDAY

Closing Meeting of Season and Dinner Will Be Held at the Country Club Grounds.

The Janesville Ministers' association will hold its closing meeting for the season at the golf club grounds Monday morning. Rev. Henry Williams will read a paper and the clergyman and their wives will take luncheon at the clubhouse and perhaps try their skill with the golf-putting spheres in the afternoon.

## OFFICIAL OPENING OF LEAGUE'S SEASON

First Regular Games in the Commercial Baseball League Are Being Played Today.

The season of the Commercial Baseball League was officially opened today with games at the Fair Grounds and Athletic park. The opening was planned for last Saturday, but owing to weather conditions, it was decided not to count last Saturday's games. The season opens with the games scheduled for today and the contests set for last Saturday will be played some other date in the season, when it is convenient. Much interest is displayed in the contest at the Y. M. C. A. park between the Parker Pen company and the Y. M. C. A. nine. Both teams ran close to the winners last season and both have strengthened their lineups this year. At the Fair Grounds the two new members of the league, the Rock River Woolen Mills and the Calumet company are playing. The two are perfectly unknown quantities and the fans are watching the outcome of today's contest. Prof. T. M. Kunkson of the high school is the umpire at the Y. M. C. A. park.

## SHEPHERD MINE IS DESTROYED BY FIRE

Loss is Twenty Thousand Dollars—Important Holding in Plattville District.

Plattville, Wis., June 4.—Fire destroyed the Shepherd mine at Plattville early Saturday morning, the loss amounting to \$20,000 with no insurance. The fire started at midnight and could not be reached by the fire department hose on account of the distance from the city.

William Thomas, the engineer at the mine was severely burned about the face and hands. Operations are suspended at the mine indefinitely.

## BRIEF PERSONAL MENTION.

Miss Harriet Craig and Miss Madeline of this city left last night for Milwaukee where they will attend a wedding reception for Mr. and Mrs. H. A. Pelen and remain over Sunday.

Mrs. S. J. Garlick who came here from Battle Creek, Mich., to attend the funeral of the late William Truckwood, has departed for a visit in Iowa.

Reno Koch is attending the university track meet at Madison today.

David Brown Koshonov, was a Janesville visitor yesterday.

Mr. and Mrs. Samuel Knox will depart on Monday for South Bond, Ind., which is to be their future home. Mr. Knox was a member of the jewelry firm of Piper & Knox.

T. P. Burns was in Chicago yesterday.

Frank Hodge is transacting business in Chicago.

Mrs. Henry Andes of Oakland, Cal., and Mrs. Joseph Chase of Milwaukee have been the guests of Mrs. George Dunn the past week.

Mrs. Lyman Stevens of Whitewater is spending the day with Mrs. George Dunn and her daughter, Mrs. E. L. O'Connor of Davenport, Iowa, who is here visiting for a short time.

Miss Gladys Franklin and Miss Grace Murphy are Beloit visitors today.

Mrs. Helen Sherer and Miss Catherine Elford will for Europe on June 17. They will go to Norway, Sweden and Russia and will attend the Paderborn play at Oberammergau before returning.

Mr. Frank Keating of Fort Dodge, Iowa, who was operated on four weeks ago at Mercy Hospital is improving rapidly. He was moved to his mother's home on South Main street yesterday.

Rev. William J. Keene of Gettysburg, S. D., is a Janesville visitor. Miss Alvina R. Jackson of Calhoun, N. D., and Miss Rose M. Jackson of Danforth, N. D., were visitors here last evening.

E. H. Davis was here from Broadhead last evening.

Mr. and Mrs. J. H. Blaisdell of Chicago are Janesville visitors.

E. W. Coon, Warren Coon, Assemblyman L. C. Whitford, A. S. Flagg, and Charles R. Bentley are among the Edgerton visitors here this afternoon.

Carl Dyerson of Fond du Lac was in the city last evening.

Rev. Mr. Blackstone and wife of Shulburg were in the city last evening.

## TO ATTEND KAPPA SIGMA BANQUET AND REUNION

District Attorney J. L. Fisher Departed For Madison This Morning—Expected to Witness Boat-race.

District Attorney J. L. Fisher departed this morning for Madison to attend a meeting of the Kappa Sigma college fraternity building association, of which he is treasurer, and attend the reunion and banquet of the chapter this evening. He will deliver an address at the banquet. Mr. Fisher expected to witness the big race of the eight-oared crews this afternoon.

## JUNE SPECIALS.

Throughout the different departments of this store there are extraordinary special values for June purchasers. We invite you to call and see them. T. P. Burns.

## FELL ON FLY-WHEEL AT THE FAIRBANKS PLANT IN BELOIT

C. R. Story Thrown From Perch on Top of Some Castings and Killed Almost Instantly This Morning.

District Attorney J. L. Fisher received a telephone message from Chief of Police Charles Graham of Beloit this morning to the effect that C. R. Story, an employee of the Fairbanks Morse plant, fell behind one of the big flywheels about half past eight o'clock and was so badly crushed that he died within twenty minutes. The man had been attempting to put up some scaffolding with the aid of two ladders and in order to reach a certain point in the building it became necessary for him to place a plank on top of two castings. As he mounted this plank one end slipped and dropped him onto the machinery. Deceased was fifty-five years of age and is survived by a wife and one child. The district attorney had to go to Madison and Attorney O. A. Oestreich went to Beloit on the nine o'clock car to make an investigation and determine whether or not an inquest would be necessary.

## DR. J. R. WHIFFEN IS THE NEW PRESIDENT

Of the Southern Wisconsin Dental Association and Madison Gals.

As was predicted in Friday's issue the Southern Wisconsin Dental association at the closing session last night elected Dr. J. R. Whiffen of this city president to succeed Dr. C. E. Cleophas of Beloit and selected Madison as the 1911 convention city. Dr. C. E. Rodolf of Madison was named as first vice-president; Dr. G. B. Baker of Madison, as second vice-president; Dr. C. W. Collier of Clinton, secretary; and Dr. W. G. Hales of Mineral Point, as treasurer. The two last named officers were re-elected by unanimous vote. The various committees will be filed by the officers about Christmas time. Mrs. Marvin S. Hinson and M. R. Harned of Rockford and E. H. Allen of Freeport who took part in the election were elected honorary members of the association.

From the standpoint of instructive and good fellowship, the sixteenth annual meeting which took place in Janesville is conceded to have been quite the most successful ever held. The inclement weather made any attempt at entertainment on the part of the local members inadvisable but the visitors were to busy with their conferences and discussions to care much about steamboat trips on the river and other diversions which had been planned. Individual members were taken on short sight-seeing automobile trips between times but there was little opportunity for that pastime.

The association's treasury is in splendid shape and the outlook for increased membership is exceedingly bright. Yesterday's election to every one of the executive positions present, Janesville stood the grand, earned, credit stamp of men which the convention brought to the city and will hope to welcome them again at some future time.

## LOCAL PARAGRAPHS.

Up for Drunkenness: Ralph Tyrrell of this city and Charles Ray, a railroad man from Dubuque who stopped over on his way to Harvard, were fined for drunkenness in municipal court this morning but sentences were suspended in both instances. Tyrrell agreed to be temperate and Ray promised to leave town.

Leave Monday For California: W. O. Newhouse, member of the First National bank, and Attorney Louis Avery expect to depart Monday evening on a three weeks' vacation trip to Los Angeles, Cal., and Portland, Ore.

Clement J. Newhouse, a brother of the Janesville man who had a leg so badly injured in a hotel elevator accident at Los Angeles in April that amputation above the knee was necessary, will accompany them on the homeward trip as far as Bethlehem, North Dakota, where he has resided for some years past.

Plumbers Close Saturdays: Commencing today all the Janesville plumbing establishments will close their shops Saturday afternoons. The arrangement will be in effect during the anticipated summer months of July and August and during this alleged summer month of June. Only in cases of dire extremity will the doors of the establishments be unlocked during the afternoons in question.

W. C. T. U.: The ladies of the W. C. T. U. are to meet at Mrs. Lonsdale, 117 N. High St., tomorrow afternoon at a quarter of three o'clock to attend the meeting at the Y. M. C. A. The meeting begins at three o'clock. As many are urged to be present.

Marriage License: Marriage licenses were issued today to Fred D. Stanley and Mary Agnes Hogan, both of Beloit; John J. Haugler and Elsie V. Meyer, both of Clyde, Ill.

Batteries Mills Dead Land: An instrument wherein the Janesville Batteries Mills quit claim to the city of Janesville a strip of land off Water Power lot No. 26 to be used for highway purposes, with the provision that the same is to revert to the grantor in event the said land ceases at any time to be used for a street, was filed with the register of deeds today.

Value of Pineapple Juice: An old pineapple grower, tells strange stories about the effect of the juice of the fruit upon certain substances. The juice of the pine is supposed to do more for the lungs than anything else in the world. Says the grower: "Drop a piece of leather into a glass of pineapple juice and see how quickly it will be eaten up."

Ideal Help: The best help is not to bear the troubles of others for them, but to inspire them with courage and energy to meet the difficulties of life bravely.—Lord Avebury.

PLAY BALL—See ad elsewhere.

## GRAHAM FIRST IN TOURNAMENT

LONG LAKE CRACK SHOOTERS PROFESSIONALS AND AMATEURS

## EVENTS FINISHED AT 2:30

Fourth Regular Registered Annual Tournament at Targets of Janesville Gun Club Closed Today.

J. Graham of Long Lake, amateur, carried off first honors in the Fourth Regular Registered Annual Tournament held yesterday and today at the Fair Grounds by the Janesville Gun Club. Graham out shot both the professionals and amateurs entered in the tourney, breaking 191 targets out of 200 on the twelve events yesterday and 189 out of the same number today, making a record for the tournament of 380 out of a possible 400. The Long Lake marksman's performance was accorded much praise by his rivals in the shoot and is considered one of the best exhibitions of target shooting ever seen in this city. Only about half of those entered in the tournament shot through the entire series. From those the winners for the tournament were selected. In the first day's events, J. Graham, was high amateur, with 191 out of a possible 200 and W. D. Stannard of Chicago, high professional with 182 out of a possible 200.

In this afternoon's events, J. Graham was again high amateur with 189 out of 200, Captain Jack of Milwaukee second, with 181, and Alex Vance of Capron, Ill., third with 180. W. D. Stannard again took first honors for professionals with 189, J. Graham of Long Lake, second with 185 and Self-King, Milwaukee third with 171. Following is the complete score for today's events, the figures given telling the number missed.

Captain Jack, 19 (200), Self-King, 23 (200), Vance, 29 (200), Robbins, 32 (200), Stannard, 11 (200), W. McVicar, 22 (200), Matthews, 37 (200), J. R. Graham, 41 (200), E. Graham, 17 (200), Gibson, 45 (200), J. McVicar, 50 (200), Bell, 37 (200), Starks, 27 (150), Rude, 26 (100), J. R. Graham, 3 (150), Flock, 4 (150), Austin, 6 (200), Lawler, 18 (50).

Yesterday a score was made. Captain Jack, 28 (200), Self-King, 33 (200), Vance, 32 (200), Robbins, 32 (200), Stannard, 18 (200), Loebe, 25 (200), W. McVicar, 41 (200), Lawler, 77 (165), Matthews, 48 (200), Gibson, 74 (165), Frey, 28 (100), Starks, 70 (200), Drake, 31 (100), J. McVicar, 61 (200), J. Graham, 9 (200), E. Graham, 23 (200), Pierce, 58 (200), Kuller, 70 (165), Gordon, 29 (80), Rude, 26 (80), Horn, 19 (50), Thometz, 35 (75), Davis, 41 (200).

A number who competed yesterday were not entered today, and those, together with those who shot today but were not registered yesterday are ineligible for prizes. Only those who were entered in the twenty-four events were considered and it was from this list that the winners as named above were chosen.

Throughout the entire tournament weather conditions were favorable but there was some complaint that the city targets were too hard and did not show hits in all cases when a score should have been chalked up for the contestant. Aside from the regular events, Captain Jack and Alex Vance engaged in an impromptu contest after the last event both men being tied on the last hundred targets. The Milwaukee man finally won the side bet.

## OBERLIN MAN WON MILE RUN EVENT

In the Western Intercollegiate Conference Track Meet at Urbana, Ill., Today.

[BY ASSOCIATED PRESS.] Urbana, Ill., June 4.—The big track meet of the Western Intercollegiate Conference association was held this afternoon with athletes from all the colleges in the conference participating.

Mile run: Baker, Oberlin, first; Dolan, Wisconsin, second; 4:29 1/2. Former conference record, 4:35.

## MANY ELKS PLANT TO ATTEND THE STATE GATHERING AT MENASHA JUNE 8th AND 9th

Local Lodge Is To Send Delegates and Many Others Will Be Present.

On Tuesday and Wednesday of the coming week the Menasha Lodge of Elks, will entertain the state convention of the order at a big blow out. Frank Snyder, John Comstock, B. H. Baldwin, Andrew McIntosh of Edgerton and Dan Higgins of Monroe, are delegates from the local lodge. The trains reaching Menasha are at six thirty in the morning and 12:55 at noon. An elaborate program has been arranged for the entertainment of the visitors on both days.

From Racine.

Racine, Wis., June 4.—Racine Elks will go to the state convention at Menasha next week determined to secure the 1911 meeting. A big delegation of boosters will be sent.

Real Estate Transfers.

## SUITS AND READY-TO-WEAR

This department offers suits at special prices for June much more advantageous than any other store in the city. Wash dresses, silk dresses and coats are also radically reduced for June buyers. T. P. Burns.

Many Meanings to Chinese Words.

It isn't very hard for one Chinaman to insult a friend by mistake. There are 1,000 Chinese words that have each ten different meanings.

## JANESVILLE SAND &amp; GRAVEL CO'S SAFE

## WRECKED BY HOBOES

Who Gained Entrance to Office Near Caloric Plant in Monterey Suburb Last Evening.

Hoboes gained entrance to the Janesville Sand & Gravel Co.'s office south of the Caloric Co.'s plant in Monterey sometime during the night, broke into the safe with a sledge hammer, and carried away postage stamps to the value of about \$1.50. Postage stamps in the metal earth under the office window and in the green concrete curbing in the middle, which are sheltered under the adjoining shed, showed this morning that the marauders were two in number—one a small man and the other a big fellow, an initial attempt to pry up the office window with a railroad spike proving unsuccessful, the pair turned their attention to the shed and gained entrance by that route without any great difficulty. Loose papers were lighted to furnish the illumination and with the aid of a sledge hammer pried up on the premises the dial on the safe, which is of medium size—standing about five feet high, was pried off. After that the hoboes were knocked out with the aid of a small drill. The pieceholes contained a number of valuable papers, which were not disturbed, but not one cent in money. It will cost J. K. Jensen, Fred Ehringer, and the other associates in the company a tidy sum to have the safe door repaired.

## WOODMEN WILL HONOR THE MEMORY OF THE DECEASED LODGE MEMBERS TOMORROW

Services Will Be Held At Two O'clock in West Side I. O. O. F. Hall and Graves Will Be Decorated.

Florence Camp No. 366, Modern Woodmen of America will hold their annual memorial services tomorrow afternoon at two o'clock in West Side I.O.O.F. Hall. Rev. L. A. McIntyre will deliver the memorial address and a quartet will render several selections. After the exercises in the hall the members of the lodge will go to the cemeteries and decorate the graves of deceased members. The members of the Woodmen and Royal Neighbors lodges and their friends are invited to the services.

## Y. M. C. A. QUARTETTE WILL SING FOR THE CONVICTS

Secretary Kline, Dr. F. T. Richards, and Stewart Richards Left For The State Prison.

The State Y. M. C. A. Male Quartette is to sing to the prisoners in the State's Prison at Waupun tomorrow. This is the third consecutive year this quartette has been invited by the State Warden to return for a service of gospel and song. Secretary J. C. Kline, Dr. F. T. Richards and Stewart Richards left on the noon train for Waupun where they will be joined by Secy. Charles Pfeiffer of Milwaukee the other member of the quartette. They will sing at Fairwater this evening.

## LOCAL PARAGRAPHS.

Oratorical contest by Senior Loyd Temperance Legion at Congregational church Tuesday, 8 p. m. Admission 15 cents. Fine program.

Regular meeting of Rebecca Social Club Monday, June 6. New members cordially welcomed. Grace Alderman, Sec.

A National Bank is required by law to accumulate a surplus of 20% of its capital. This bank's surplus and undivided profits is 95% of its capital. The law also requires a reserve of 15% of its deposits. This bank's cash on hand and other cash resources, including National Bank currency not issued, amounts to 36% of all its deposits.

## ROCK COUNTY NATIONAL BANK

ESTABLISHED IN 1855.

## Plantation Coffee

All that its name implies and more. Not natural wild coffee brought in by natives, but the result of the most intense, scientific, modern cultivation.

If this means anything, it means better coffee. We are all particular about coffee and very properly so.

One coffee may cost as much as another at whole sale but if it doesn't go to the spot it isn't satisfactory.

Try Plantation, 25c lb.

## Dedrick Bros.

18 LBS. PURE CANE GRANULATED SUGAR \$1.00

The best Sugar that money can buy.

GOLDEN PALACE FLOUR \$1.50 SACK.

1 LB. CAN CALUMET BAKING POWDER 25c

3 1-LB. PKGS. SEEDED RAISINS 25c

## THIRTEEN GRADUATES AT ALBION ACADEMY

Baccalaureate sermon will be preached tomorrow evening at the Norwegian Church in Edgerton, (special to this gazette).

Edgerton, Wis., June 4.—The faculty and the senior class of Albion Academy have issued invitations to the annual commencement exercises which will begin with the baccalaureate sermon Sunday evening at the Norwegian Lutheran church by Rev. J. Edward Hoeg of Beloit. Wednesday evening, the Alumni association will tender its annual banquet to its graduating class at which a large attendance is promised Thursday, the 9th, is commencement day proper and full program will be carried out. There are thirteen graduates, as follows: Mamie L. Nottetor, E. Nottetor, Halvorson, Hjalmer, G. Edwards, Clarence O. Johnson, Ida E. Edwards, Obed E. Larson, Leonard T. Norville, Oscar L. Johnson, Wayland M. Green, Grace A. Johnson, Roy W. Soronson, Amanda N. Fendall. Following the program lunch will be served by the boarding club. During the afternoon two games of baseball will take place and the Academy corporation will also hold its business meeting during the afternoon.

Densely Populated Countries.  
China and India contain more than half the world's population.

## MONUMENT TO BRAVE CUSTER

(Continued from page 1.)

four sides. The memorial was erected through an appropriation of \$25,000 made by the Michigan legislature two years ago. The town of Monroe was selected as the place for the erection of the memorial as it was the adopted home of General Custer and is still the home of his widow. The statue occupies a commanding site in the center of the village square, facing a broad street of residences.

Girl to fly for \$25,000.

Dayton, O., June 4.—It is reported that Catherine Wright, sister of Orville and Wilbur Wright, may enter for the \$25,000 prize flight between Chicago and New York and use one of her brothers' machines.

Gomez is inaugurated.

Caracas, June 4.—Juan Vicente Gomez today was inaugurated president of the republic of Venezuela. The oath of office was administered before the congress. His term will be four years.

Every day there is something doing in real estate on the Want Ad page, single day.

Every one of the above items are genuine bargains and we are glad to give them to you. You will find all through our stock first class merchandise only. On almost every item you'll notice a saving.

## The Man Who Doesn't Learn to Save While He is Young Never Will Save

If you have not saved money thus far in life, begin today. Take out a 20-year Endowment Policy in the Aetna Life Insurance Co., and save a little each year. At the end of 20 years, just when you need it, you will receive a competence, and if you should die sooner your wife or your mother or whoever are dependent will receive the money. This policy in the Aetna means peace and content in old age—it means protection NOW. Start today to provide for your future. Investigate this policy. Read the following which explains some of the features, and remember, no policy is as good as the Aetna. Don't let any insurance man try to tell you differently—be your own judge.

If the policy is in force one year, it is incontestable EXCEPT FOR NON-PAYMENT OF PREMIUMS.

You will share in the earnings of the company, which earnings may be applied on the premiums, or they can be made to hasten the maturity of the contract.

You can borrow money of this policy as per Table "A." At the end of second year \$51.00, third year \$91, etc. You can apply the loan as payment of premium. If two or more years full premiums have been paid and there is no indebtedness on account of loans, the policy will be extended as temporary insurance for the full sum insured, including dividend additions, for the length of time shown in the table "A" under the column "Extended Insurance," and at the end of the 20 years the company will also pay in cash the amount in table "A" under the column "Pure Endowment." As an example: Suppose you paid four years and then stopped; you would receive 17 years of \$1000 insurance and \$28 in cash at the end of that time; at 5 years you get 16 years' insurance and \$109 cash, etc.

If the policy should lapse for non-payment of premiums, it can be reinstated at any time within five years by paying the amount due with interest, if satisfactory evidence of insurability is furnished to the company.

Suppose you become totally disabled from sickness or accident, or become blind, or if you lose both hands or both feet or one hand and one foot, on payment of one year's premium, then your premiums on this policy stop and the company pays you one-twentieth of the policy each year until the full sum of the policy has been paid, or pays all in one sum if you let it accumulate.

Suppose you saved your money in a bank—you would get 3 to 5 per cent interest. If you put your money into this policy you share in the earnings of the company which last year, on one of these 20-year endowment policies held by a Janesville resident amounted to over 15 per cent.

Freedom from Restrictions: The contract is free from conditions as to residence, occupation, travel or place of death.

Grace in Payment of Premium: Grace of thirty-one days, during which time the contract will remain in full force, will be allowed in the payment of all premiums.

## NO MAN CAN AFFORD TO BE WITHOUT INSURANCE

Think of the benefit it would be to wife and family or mother, if you should be called by death. Think of the great amount you would get all in one sum at the expiration of the policy, and then consider that it really costs you nothing except the interest on the money you would be saving. Read over the above carefully, see how you can borrow money on the policy, how it will carry itself, how you can be reinstated within five years if you should lapse.

### INSURE YOUR WIFE

and make the \$1000.00 payable to your child, you will be saving just that much money and all during the twenty years your wife is insured. Every rich man is insured heavily, every poor man needs it even more.

Many men are insured, but their wives are not, yet no man would insure one-half of his house and not the other. Insurance is as necessary on the mother of a family as on the father. . . . . Now is the best time to consider this matter. Every day, every month you put it off you are getting older—your rate is getting higher and no one knows when it will be too late.

Life insurance is a privilege. If it is within your reach today secure it today—tomorrow may be too late. We write the best policy in the world and with one of the strongest old line companies.

If you take out a policy with us you deal with an agency that has been established 36 years, an agency that has looked to the interest of its clients in a most thorough manner. During these 36 years of experience we have found that our companies are of the best in the world, and that it is also to deal with a permanent established agency. Take out a policy with us and it will mature with us. Don't deal with an agent who is here today and gone tomorrow. NOTE—The advertising campaign of this company has created a revival interest in insurance and many of the insurance agents of both large and small competing companies have tried to take advantage of it by claiming to be "Just as Good." They are not just as good. If they were they wouldn't have to use such arguments. The Aetna offers the best policy in the world that is why we are advertising it.

Write us to send you a sample policy so that you can read it over carefully, or if you prefer, we will call and explain the policy to you. Fill out the coupon right now.

Do not let this important matter go another day.

### COUPON.

Please send me a sample policy as I would like to look it over.

## The Summer Wash Dresses

The bother of making wash dresses is largely done away with today. The manufacturers have the making of wash dresses down to such a science that a woman can find almost anything she wants all ready to slip on, many times not a single change is required. The materials are plain and fancy gingham, chambrays muslins and percales, there is a large variety of styles from some of the best makers in the country. These dresses that we are are speaking of particularly are for women and misses. They are a great boon to those who have not the time to have dresses made or wishing to go on a hurried trip. Prices as follows: \$1.25, \$2.25, \$3.00, \$3.50, \$4.00, \$4.50, \$5.00, \$5.50, \$6.00, \$6.50, \$7.00, \$8.00, \$9.00, \$10.00 to \$20.00.

## FOR JUNIORS, CHILDREN and INFANTS

We show the celebrated Primrose make for those wishing extra fine materials and workmanship, besides the Primrose line we have secured some exceptionally good styles at very moderate prices, from \$1.00 to \$3.50.

Now is a good time to get them. assortment of sizes being complete.

## Children's Rompers 25c and 50c

These are made in plain chambrays and fine check gingham. See them in the Wearing Apparel dept.

## White Muslin Dresses

These we show in such well known brands as "Standard," "Superior," "Excelsior," in addition to our beautiful styles for women ranging in price, \$4.50 to \$40.00, including the most beautiful creations ever shown in Janesville. We have a large variety for misses and younger girls. It surprises mothers when they see the beautiful styles that they can buy at such prices as \$3.50, \$4.50, \$5.00 and \$6.50. Sizes run from 6 to 14 years.

We can surely take care of you if you want anything in Wash Dresses. Prices right, styles the very latest.

GAZETTE PRINTING CO.

THAT the American people are woefully lacking in gentleness and deference towards old age, is a charge that has recently been made to me.  
"I have traveled considerably, and have spent periods of time ranging from nine months to two years in seven different foreign countries, but have never met with the rudeness from young people that I do here," an elderly gentleman writes to me.  
I wonder if her companion is wholly fair.  
For myself, I have never been in any other country than America, so I can't presume to judge how other people treat their old folk, but it certainly does seem to me that we do not treat them here with the deference and gentleness that we should.

America is a young country, and it has a tendency to dolly youth. It seems to me that we bow down to our young people, exalt their interests, strive to make the pathway perfectly smooth for them, and do everything to make them think themselves the center of importance, quite too much, and put ourselves out for the sake of the old people altogether too little.

Why not be original and make things different in your home?

Why not make your children and yourselves an exception to this rule by having deference and thoughtfulness towards old age the habit of your household?

In quite too many homes, when there is any sub-  
ject to be discussed, the young people say their say first, and then the old people are allowed to say a few little-headed words.

Make it different in your home.

Exact of your children all possible respect and deference towards old age, and they try to touch them also gentleness and unselfishness.

It is a traditional belief that children are naturally selfish, but I think it is a mistake, and that they are much more generous than grown-up people if you can only arouse their sympathies.

Old people love attention especially from young people. Young people don't half realize this, but if you can once make them understand how much their kindness means, I think they will be happy to bestow it.

Teach them to take the stories of their little successes and triumphs to grandfather and grandmother. Teach them also the lesson of listening patiently to grandfather and grandmother's stories of olden days.

That is a good deal of patience sometimes, but no more than the girl who wants to be a successful actress in listening to the egotistical maunderings of some cellow youth.

Teach them to bestow caresses, no matter how ungrammatical the old folks may be.

Many people—especially old folks—who cannot easily give caresses, passionately love to receive them. It's not to be a bit chilly in the Valley of the Shadow, and warm human caresses are very grateful.

Please do not think I do not know how trying old people often are.

I do, to the full.

But I also know the cruel pang of "I might have been kinder."

There is a passage in Ruskin that is worth reading over sometimes when you are tempted to be impatient with those who are spending a few days with you before they pass on through the Great Gate that swings but one way.

It is this: "But he who has once stood beside the grave to look back on the companionship which has been forever closed, feeling how impatient then the are the wild love and the keen sorrow to give an instant's pleasure to the pale heart, or atone in the lowest measure to the departed spirit for the hour of unkindness, will surely, for the future, learn that debt to the heart which can only be discharged to the dust."

*Ruth Cameron*

CANADIAN GIRL RESCUED FROM WHITE SLAVERY.

Adrienne Gingras below. Attorney Clifford G. Roe, who has helped the girl.

Chicago.—Offers of positions pouring in on her and assuring an honorable future, the knowledge of her safety in the home of a good woman and the realization that the mills of justice are grinding remorselessly to send those who would have stolen her soul, combined yesterday to make Adrienne Gingras, the French-Canadian convent-bred girl, whose wonderful beauty led white slave traffickers to try to bring about her downfall, happier than at any time since last September, when she was lured from her home in Montreal.

Never has she been more hopeful, she said, since leaving the clutches to be plunged into a series of subtle temptations—not even at the moment she realized her honor was proof against the wiles of her captors or on the day that she escaped their clutches.

The plight of the girl, a thin, stranger in a strange city, came to light Tuesday when she appeared before Judge Walker in the municipal court as a witness against Mrs. Sophronia Lebeau, 202 Wabash avenue, who had been arrested as a pander the day previous.

Adrienne told the court how she had met Mrs. Lebeau in Montreal and accompanied her to Chicago, believing that she was to live in luxury as the companion of a wealthy woman. She charged that she had been housed in a lecherous resort, subjected to unnumbered temptations, and at last had been compelled to do the most menial tasks when her captors made an effort to break her spirit.

The girl declared that a wealthy Chicagoan, for whom the police are now looking, had been her prospective "purchaser."

Finally, according to her story, she was paid \$250,000, and was paid at the time, she testified and entered a small room on Prairie avenue. In it she stayed for more than three months, she testified.

The girl's fate for the future have

been allayed by definite offers of satisfactory positions. Two of these were made by friends of Attorney Clifford G. Roe, who espoused the cause of the girl heroine.

Popular Demand for Novels.

**DON'T WAIT.**  
Take Advantage Of A Janesville Citizen's Experience Before It's Too Late.

When the back begins to ache, Don't wait until backache becomes chronic; Till serious kidney troubles develop; Till urinary troubles destroy night's rest.

Profit by a Janesville citizen's experience.  
Mrs. M. Smith, 359 Center St., Janesville, Wis., says: "I suffered severely at times from attacks of rheumatism and backache. My side also pained me, and I noticed that the kidney secretions passed too frequently. A neighbor told me to try Doan's Kidney Pills and I went to the People's Drug Co. for a box. I began to feel better in a short time after commencing their use, and the kidney secretion soon became clear and regular in passage. I gladly recommend Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—Doan's—and take no other.

## TRAINING THE BOY AND GIRL

By MARY HENSHALL

The number of graduates from the high schools each year, added to the graduates from colleges and universities is most stupendous when the round numbers are considered.

One is perforce compelled to wonder what becomes of all this education let loose each year.

The general average of schools is higher than a decade ago. Men and women in shops and stores and in all other pursuits are averaging higher, we are told, in education.

Marriage, experts tell us, is the great business of life—but marriages are taking place later in life than formerly. The bringing of children into the world is a function which we are told, is the ultimate idea of our generation. And the percentage of children in families goes down with each decade.

Does education oppose a barrier to love and marriage? Some there are who aver that this is true and if it is then indeed we have a social problem to study.

We have instituted classes for wives and mothers in some of the schools. The hand clapping in all the newspapers of the country whenever such an item is sent the rounds is most pleasing.

Why then is there a turn not an attempt made to train husbands and fathers? We are just beginning from the idea that mothers, says Tappan, "just grow," but we are still laboring under the delusion that fatherhood is a divine prerogative, and that with the touch of baby fingers a divine alchemy turns men who have been doing all evils into preceptors and teachers fit to take a human soul into their clumsy keeping.

Men make the laws for men, women and children—and they are pretty faulty laws sometimes and ill executed. Women have little to do with that part of life and yet they are expected to know and understand how to mother and father, too, some times.

It's a strenuous job that the Lord has laid out for women. They must not only train the child but often enough they must train the husband.

They are to blame in a measure for not training their boys to make better husbands—but they should not be greatly censured as they have still to struggle with the traditions of the dark ages, which think a tender boy, effeminate. A helpful boy is a girl boy, and a polite boy is called "sissy."

We have placed certain faults in the category of masculine virtues, and hug the delusion to our souls that to be manly a boy must be unmanly; to be virile he must be ill-mannered; to live up to masculine ideals he must be treated as a different order of being from the girl.

When we teach our girls and boys a few certain fine sterling principles and virtues, and let the rest work out for itself, we will have a bigger and finer race of human beings than the world has yet known.

Train boys and girls as souls and see what the result will be.

Indictment of Bigotry.  
Bigotry murders religion to frighten fools with her ghost.—Colton.

**NO WONDER SHE'S CROSS.**  
The woman who has a thousand petty cares and annoyances will not be blamed if she cannot always be angelically amiable. What she needs is thoughtfulness from her family and such a simple and natural remedy as Jane's Family Medicine, the best of all that makes weak women strong and well. Sold by druggists and dealers, 25¢.

NEED SCIENCE TO  
BE SUCCESSFUL IN  
HOME MANAGEMENT

Girls Must Know Physics, Chemistry, etc., to Run Homes On Right Lines.

(SPECIAL TO THE GAZETTE.)  
Waterloo, Wis., June 4.—"The girl who, in her studies of science, art, literature, and language has learned to correlate them to the issues in her own life through the study of applied knowledge in household economies not only will have a basis on which to build for any work—good health and a clear brain—but will have laid the foundation for the profession of home making which, in the end, is woman's highest calling."

So said Prof. Abby L. Marshall, head of the course in home economics at the University of Wisconsin, before the second district convention of the Federation of Women's Clubs here this afternoon.

"The girl who has studied the exact plant, analyzed flour, studied the cooking, made her application to the completed loaf of bread, and then calculated its cost in material, fuel, and time, has a keen realization of her botany, her physics, her chemistry, her economics, and is able to judge if the time consumed in making bread in the home is economically well spent."

"The girl who has applied her chemistry in food analysis, has studied her physics in its application to machines which lighten labor and save time and energy, has studied her bacteriology. In its application to food preservation, and cleanliness in body and in environment, will do her work in her profession, whatever that may be, with least friction and loss of time and health."

"The girl who has studied her history with its application to the evolution of industry, its variation in home standards, and its vital relation to woman's position in the social whole, has a broad outlook which will aid her in seeing that the world's work is not done today, but is a thing to be achieved by years of earnest effort."

"The girl who studies her book-keeping by using the home problems involved in an expenditure for a family with a limited income, has learned to observe and think along lines not purely mathematical, and has had a vital lesson in the economics of consumption."

"This means that all should receive manual and vocational training in the grades, and that high school courses in applied science must be credited in preparation for the colleges and normal schools, so that each pupil will have a right to practical knowledge of things whether or not the desire or aim leads to higher institutions before entering on life's labors."

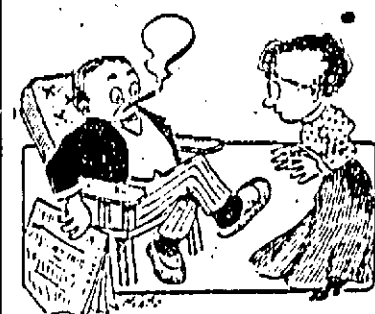

"That this training must be given in the grades below the high school if the majority are to be influenced, is shown by the fact that not more than three per cent. only goes to college."

"Most of the teachers in the grades are high school graduates with normal school training; hence, if this subject of 'domestic science,' or 'right living' is to be taught by example and practice, the high school must give the body of knowledge, and the normal school train to apply it in the grades."

"No amount of method can compensate for the years of thought which have become a part of the mental equipment of the teacher who always has applied knowledge as it was acquired."

"That habits of neatness, cleanliness and economy in use of time make for efficiency is without question. That these may be taught with less waste of energy in school courses in domestic sciences, is proved by experience from Boston to Santa Barbara."

"Here in the middle west the spirit of cooperation between the home and the school and the women's clubs and the legislature has forced the schools to greater and more progressive work along these educationally newer lines. The time is here and now to emphasize the need of more vital subjects in our schools if we are to become a great nation."

**HOW SHE RECALLED IT.**  
"Laura, when was it we had that last job of plumbing done in the basement?"  
"That was the second week in November of last year."

"How do you know?"  
"It was the week when Besse had the toothache and didn't buy any candy."

Opportunity Always with Us.  
Higher things remain to be done than have yet been accomplished. God and his universe still wait upon each individual soul, offering opportunity.

—Bishop Spaulding.

Where He Stood.  
The woman was showing the artist her diamond pin. "How much is it worth?" he asked. "A hundred and fifty dollars," she answered. "What would you do if you had a diamond pin that was worth a hundred dollars?" "There's one thing certain," he said, "I wouldn't have the diamond pin."

Great Chance for Science.  
Now they've discovered air on Mars. After this the scientists ought to strive for another triumph, and try to discover air in a closed street car.

FISHER REPLIES  
TO RECENT PROBE

JANESVILLE MEMBER OF STATE  
BOARD OF AGRICULTURE  
EXPLAINS FUNDS CRED-  
ITED TO HIM.

## EXAMINATION WAS NEEDED

Defends Honesty of Members of the  
Board But Says That Account-  
ing System Can Be Im-  
proved Upon.

Grant U. Fisher, member of the State Board of Agriculture and of the livestock sanitary board, makes the following explanation of the sums of money credited to him. In the recent probe of the management of the state fair by the Nacey investigation. It is a clean cut statement of how the money which he is charged with having received was used. His answer follows.

"In justice to myself," says Mr. Fisher, "I feel that some statement is due relative to the report made by the auditing firm of Arthur Young & Co. of Chicago for T. Nacey & Sons, Co. of the Wisconsin state board of agriculture and the Wisconsin livestock sanitary board, inasmuch as I am a member of both boards and my name appears in the audit. In making this statement I desire to show that my record is perfectly clear in all my financial transactions with both boards. The question resolves itself simply to this: Whether or not I was entitled to the sums received, whether I gave adequate return in service for the compensation received.

"First, as to the Wisconsin state board of agriculture, the report shows that during my incumbency on that board I received \$3,150.94, of which \$2,097.88 is credited to salary and \$1,053.06 to expenses. I have served as a member of the Wisconsin state board of agriculture seven years—1903 to 1909, inclusive. For 1903 and 1904 I received \$117.79, actual expenses, for attending meetings; I also received \$50 each year, which is charged to me as salary as superintendent of the sheep department. As a matter of fact this was not salary, but expenses incurred as superintendent of this department before, during and after the fair. I submit that this amount is not exorbitant; in fact, that it is a small amount to incur in this position in the period of time indicated. I do not think that any one will question this.

"Was Paid for Expenses.

"In 1905 I received \$154.73, actual expenses of attending board meetings and a meeting at Chicago. In addition I received \$50, which is charged as salary as marshal. The facts regarding the salary paid me as superintendent of sheep are the same as that paid as marshal.

"In 1906 I received \$270.59 for expenses in attending board meetings and \$18.29 expenses on a trip to the Springfield fair. During that year I was a member of the board of managers, which meets frequently, and necessarily the expenses were somewhat higher. The audit shows that I received that year \$700 as superintendent of grounds. In May of that year I spent practically the whole month on the grounds, and on June 1 removed to the grounds with my family, living there until October. I paid a salary of \$75 per month to a man to take my place at my home in Janesville. This left me \$25 per month for living expenses on the grounds.

"In 1907 I received \$114.61 for expenses incurred in attending board meetings. I received a salary of \$500 as superintendent of grounds. The same facts which pertain to the year 1906 pertain to the year 1907. I also received, what is charged as salary, as marshal \$25. This was allotted to me for expenses incurred incidental to the duties of marshal before, during and after the fair.

"In 1908 I received \$230.67 for attendance upon the meetings of the board and the meetings of the board of managers, being the actual expenses. I received \$600 as superintendent of grounds under the same conditions as governed the years 1906 and 1907.

Explains Time Sheet.

"In 1909 I received \$131.69, the actual expenses incurred in attendance at the state fair meetings and the meetings of the board of managers. The sum of \$72.88, charged to me as salary as marshal, was for expenses incidental to that position.

"In my financial dealings with the board my procedure has been that at the close of the fair I made out a time sheet, giving the period of time each employee worked; his pay per day, and the total he was to receive. This time sheet was presented to Mr. True and an order for the full amount given me on the state treasurer. This order was cashed and each man's pay placed in an envelope with the amount marked thereon and handed to him, each employee giving a receipt for the amount received from me. These receipts and the time sheet were filed with Mr. True, the secretary. This was the method especially pursued in acting as marshal when the employees were active for only a week or ten days. When acting as superintendent of grounds the payment for services was not limited to payments for short periods but came from time to time, the employees being paid monthly. In such cases I submitted a written report giving the name of the employee, the time served, his pay per day, and the full amount. Mr. True, the secretary, on receipt of this report, would send me a draft for the pay of each man, and also a receipt to have the individuals fill out. These drafts were turned over to the employees, their receipts taken therefor, and the receipts returned to Mr. True.

In corroboration of this explanation Mr. Fisher has received a letter from

P. W. Gilman, who acted as his assistant in the marshals department. "I submit this definite statement of facts," continues Mr. Fisher, "to the judgment of any fair minded man as to whether I received too much for my services from the board. Under the statute members of the Wisconsin livestock sanitary board received \$3 per day, their services not to exceed thirty days each year. In 1909 the period was extended to sixty days. Up to the present time this year I have worked thirteen days over the sixty allotted by law, for which additional days I will not receive any pay. In a word, on this board I received compensation and actual expenses provided by the statute.

Defends Sanitary Board.

"On the subject of the livestock sanitary board the report states that the records show that the accounts were kept in good shape and that they found no difficulty in verifying the entries.

"I believe the audit to be an invulnerable add to the board. I have always been in favor of this audit, and at the January meeting, when the resolution was introduced providing for it, I seconded the motion introduced by Mr. Cannon providing for the audit, and used my best efforts to secure its passage. I had nothing to fear from the same and believe it was a good thing for the board. I do not believe there has been dishonesty among the members of the Wisconsin state board of agriculture. I believe, however, there is room for improvement in the methods of accounting. I regret that the personal element has entered into its affairs which has a tendency to belittle the situation. I feel, however, that with the detailed audit, which we have now before us, we will be greatly assisted in making a greater and bigger state fair."

EXERCISES AT THE  
EVANSVILLE SCHOOL

Class Night Program of Graduating  
Class Given At Opera House  
Thursday.

Evansville, June 3.—The class night exercises of the class of 1910, Evansville High school, were witnessed by a large audience in the opera house last evening. The crowd was so great that extra chairs were brought in and then some had to stand. The stage was decorated with flowers and painted palms and displayed in light blue and gold, the class motto, "We Launch Tonight; Where Shall We Anchor?" The evening's program opened with the class history by Clifford Pearson who related in a very interesting way the most notable events that had happened during the twelve years of their school life. The distribution of mementos by Miss Clara Houshman created much merriment, and as the gifts were passed around the well selected hits were much appreciated, especially by the high school boys. According to the class program by Miss Hazel Courtier her classmates were to find their life's pathway shown with roses and in future years were to hold enviable positions. In his senior address, Earl Ballard gave the juniors some excellent advice and the junior reply by Cecil Ware was equally as brilliant and humorous. "A Crazy Idea" had been chosen by the graduates as the class play and was a most amusing feature of the program. It was remarkably well acted throughout, and the repeated shouts of laughter evinced the fact that it was thoroughly enjoyed by the audience. The commencement program will be given this evening.

Local News.

The local camp of Modern Woodmen will observe Woodmen Memorial Day Sunday, June 5, with a suitable program in Magoo's hall to begin at 2:30 p. m. G. L. Watson, president of Woodmen whose home is in Madison, will be the speaker.

At the last meeting of the library board Mrs. Hattie J. Boyd, the city librarian, was granted leave of absence for one year and Miss Berline Gray was appointed to act in her place during that time. Mrs. Boyd will not leave until the first of October and will then enjoy a well earned rest.

Mrs. George Shaw has as her guests this week Mrs. Lora Griggs and Mrs. Ethel Coughlin of Rockford.

Mrs. Lizzie Lehman leaves tomorrow for a two weeks' visit to relatives and friends in Chicago.

Miss Belle Danison, who for the past year has been teaching in Madison, Ill., is expected home Saturday for the summer vacation. Miss Danison is well pleased with her position at Madison and has signed a contract for another year.

Miss Eva Howard of Madison, is home to attend commencement exercises.

Frank Southwick of Chicago, is paying a short visit to F. A. Baker and other relatives.

Mr. and Mrs. E. E. Barnard went to Lake Kegonsa today and will remain over Sunday at their cottage there.

Mrs. Leola Brown and Mrs. Bert Morgan went to Madison Friday to spend the weekend with friends.

Messrs. C. D. Doolittle, Fred Rodd, Dr. Ware, Bert Baker, Elmer Sanford, Charles Barnum, George H. Howard and Hans Hanson were Chicago visitors Wednesday and Thursday.

The Congregational Missionary society met with Mrs. J. West yesterday afternoon.

Miss Carolyn Hatch will leave Monday for her home in Valued, Kansas.

Frances King of Brooklyn, transient business here yesterday.

TUESDAY TERM DAY  
IN COUNTY COURT

Hearings in Forty-two Matters Under  
Judge Sale's Jurisdiction Sched-  
uled for Coming Week.

Tuesday next, June 7, is regular term day in the county court and the following matters will come up for consideration by Judge Sale:

Proof of Will.

Leahuel Paul.

SEVERAL SALES OF REAL  
ESTATE MADE NEAR AFTON

Transactions in Farm Property and  
Homes in Village Reported—  
Other News of the Town.

Several changes in real estate have taken place in and around Afton within the past week. Charles H. Griffen has sold the old home farm to Mr. Johnson and will give immediate possession. Mr. Griffen will move to Afton, having purchased the L. J. McClellan home, now occupied by Elder Brinkman.

Mr. Brinkman has bought the C. G. Antel place, where W. R. Barnhart has been living, and Mr. Barnhart will occupy the north rooms in the Tracey flats.

Family Reunion.

A reunion of the Griffen family was held at the old home last Thursday, those present of the immediate family being Charles H. Griffen of Afton, Benjamin P. Griffen of Janesville, Mrs. Mary Goss of Beloit, Mrs. Emma Stump of Dwight, Kansas; Mrs. Jane Willington and Mrs. Adelle Spoon of Janesville; Mrs. Josephine Antel and Mrs. Ethel Ols of Afton and Mrs. Willie V. Ellis of Los Angeles, Cal. Other relatives of the family were present and during the afternoon a group photograph was taken.

In his Memorial Day sermon at the Baptist church last Sunday morning, Pastor Cold strongly emphasized the need of a better observance of the day, something more in keeping with the spirit and purpose of the anniversary, and deplored the tendency to make the occasion one for recreation and pleasure.

There will be a regular meeting of the Modern Woodmen next Saturday evening and the Royal Neighbors will meet in regular monthly session next Thursday afternoon at the hall.

Mrs. Otto Steth and little daughter, Alma, of Aurora, Ill., are visiting relatives and friends in Afton. Mrs. Steth spent last Sunday with them here. Mrs. Steth will be better remembered in Afton as Miss Alma Brinkman.

Mrs. Henry McCrea and daughter, Dorothy, of Sheridan, Wyoming, are the guests of Afton relatives.

Charles H. Griffen has been quite seriously ill, but is better at this writing.

Fred Brinkman and sister, Miss Stella, of Wilmette, Ill., visited Afton relatives last Sunday.

U. G. Waldo attended a meeting of the Wisconsin Baptist appointment committee at Madison last Tuesday.

Y. M. C. A. MEETING ON  
SUNDAY AFTERNOON

The meeting at the Y. M. C. A. tomorrow at 3 p. m., will be unique in many of its features. The subject for discussion will be "Temperance." The Murphy League has full charge of this meeting. The W. C. T. U., Good Templars and men, women and young people of all creeds, nationalities or habits are cordially invited. This is to be open to everybody; let all friends of temperance attend and especially those who are not in favor of a temperance city or prohibition. You can be assured there will be nothing of antagonism but an interesting and profitable hour with a purpose to open up a much larger vision on this most interesting subject.

A. E. Matheson will preside. Remember, men and women are invited.

FURNACES  
AND HARDWARE

Peck-Williamson Under-Feed  
Furnaces are coal savers,  
and give steady, even heat with  
little attention. You can cut your  
coal bill about one-half each  
winter of what it costs to run  
the ordinary furnace. In a few  
winters you will save enough on  
coal to pay for your furnace,  
and always be glad you have  
this coal-saving reliable heater  
in your house.

I have Wash Tubs, Oil Cans  
and Sprinklers, made of heavy  
galvanized sheet iron of superi-  
or grade. Reasonable prices.

BIG ELEVATOR TO BE  
ERECTED IN MONROE

Dodge Lumber Company Will Build  
Coal Elevator With Capacity of  
750 Tons.

[SPECIAL TO THE GAZETTE.]

Monroe, Wis., June 4.—The Dodge Lumber company has completed the foundation for a big coal elevator, which will be erected in the yards just north of the planing mill. It will be 21x44, thirty feet high to the eaves and will have a capacity of 750 tons of coal. A 7½ h. p. motor will be installed to furnish the power to raise the coal. The coal will be unloaded at the rate of fifty tons per hour with the aid of machinery and the assistance of one man. An automatic coal shovel will unload hard coal direct into the elevator to be hoisted to the top of the building and the soft coal will be dumped onto a truck-hopper and fed into a loading conveyor which feeds the elevator. The elevator will have ten bins. The coal will be loaded into wagons without shoveling and screened as it is being unloaded. Coal can now be handled by this system at a cost of three cents per ton, while the old way required a cost of 50 to 60 cents.

Chas. P. Penning, formerly a farmer of Sylvester township, who moved last fall to Buffalo Gap, South Dakota, has had a chance to dispose of his ranch there at a profit over the investment of \$5,000. The ranch was known as the Fairview ranch east of the Black Hills. He states that land values are increasing steadily in that section and that the crop prospects are good.

W. W. Chudwick has received word from his niece, Miss Sally Fisher, that she and her father, C. P. Fisher, who underwent operations at St. Luke's hospital in Chicago several weeks ago, for appendicitis, have recovered from their operations and will spend the summer, Miss Fisher started in the "Goddess of Liberty" company all winter.

W. W. Chudwick has disposed of 2,500 acres of his land in western Nebraska and his son, Howard Chudwick, is closing out the remainder of his land, some 5,200 acres, at good prices.

Miss Chas. Stauffer, who, for the past three years, has been attending in California and Washington for her health, has returned to her home in this city, greatly benefited in health. She was located at San Jose, Cal., for some time, later going to Spokane.

Mr. and Mrs. George Soller are here on a visit to his parents, Dr. and Mrs. G. A. Soller, on their way home to Milwaukee from Houston, Texas, where they spent the winter.

Miss O. Newman and family are here from Peterson, Ia. Mr. Newman will take treatments at the Lourdes hospital for his health. They may decide to locate here permanently.

H. K. White is recovering from a severe attack of erysipelas at his home on Payne street. He is able to be down town again for the first time in several weeks.

Miss Helen Monroe arrived yesterday from Lincoln, Neb., for a visit at the home of her uncle, Dr. W. E. Monroe.

P. J. Chawson has gone to Chicago where he will visit his daughter, Mrs. Elton J. Cassidy.

Bert Emerson, who has been attending school here, has returned to his home at Chatham, Mont. Willis Jackson, son of W. P. Jackson, went to Montana with Mr. Emerson and will spend the summer there.

Moth Plays "Possum."

"Playing 'possum," most people know, means simply shamming death, as practiced by that cute little beast, the American or Australian opossum. It is a queer thing to find the same curious trait in an English insect. But the current moth, as any entomologist will tell you, when seized upon by wing or leg, instead of fluttering, lies absolutely quiet and still until the rough grasp is slackened, when it will quietly but quickly fly away again.

Vegetable Caterpillar.

A vegetable caterpillar from the planting of a true caterpillar is among the marvels of the Pink Terrace region of New Zealand. Eating some tempting fungus spores on its way to its final burrow, the creature becomes transformed into a wood-like mass of fungus, with form and structure preserved. The caterpillar is now a veritable root, from which a stem shoots up eight or ten inches, dropping other fungus spores.

The Center of Speech.

An eminent scientist describes the inherited nature of right handedness in man. He also makes some very interesting statements about the location, in the brain, of the center of speech. In all right handed persons the speech center is shifted to the other side, so that, as the authority quoted avers, the left handed speak from the right brain.

NOT WORTH MENTIONING

Indignant Constituent—"This is the fourth time I have called to see the senator by appointment, and found him out every time!"

Private Secretary (of eminent statesman)—"O, well, I wouldn't make a fuss about that. According to what the papers say everybody is finding him out."

## DR. TURBIN

Of Berlin, Germany, the Expert Specialist and Surgeon

Who has visited this county for the past 20 years, will again be in Janesville, at the NEW MYERS hotel Monday, June 20th. Office hours 9 a. m. to 8 p. m. And every fourth Monday thereafter.

Expert Medical  
EXAMINATION  
AND CONSULTATION FREE

I want to talk to every sufferer. The fact that you have been treated elsewhere without benefit and are skeptical does not discourage me in the least; nearly all of my patients tell me the same experience. I am doing men and women every day and feel sure I can do the same for you. I especially solicit the stubborn, chronic, seemingly incurable cases. Persons who realize the seriousness and gravity of their condition, and will appreciate the benefits conferred by the cure I give, come to me for free consultation. I will then explain how different, and how much more certain, are my methods of treatment than those possessed by others. My special training and long years of experience in treating all Chronic, Nervous, Blood, Liver and Renal Diseases give me many advantages over the average physician.

I treat Rheumatism, Enlarged Veins, Fistula, Piles, Constipation, All Rectal Diseases, Weak and Unhealthy Kidneys, and Lingering Ailments.

DOCTOR TURBIN  
103 Randolph St., Chicago

Young Men, Are You Nervous,  
Weak and Diseased Nerves.

Weakness, Trembling, Jerking, Backache, Headache, Stomach Troubles, Loss of Appetite, Nervousness, Irritability, Sleeplessness, Night Sweats, Loss of Memory, Loss of Power, Loss of Vigor, Loss of Strength, Loss of Endurance, Loss of Courage, Loss of Confidence, Loss of Hope, Loss of Faith, Loss of Love, Loss of Friendship, Loss of Honor, Loss of Reputation, Loss of Character, Loss of Soul.

MY COUNSEL WILL COST YOU NOTHING, BUT MY CHARGES FOR A PERFECT CURE WILL BE REASONABLE AND NOT MORE THAN YOU WILL BE WILLING TO PAY FOR THE BENEFIT CONFERRED.

LADIES CONSULT A SPECIALIST IF you are suffering from persistent headache, pain in the back, and feel as if you were unable to get on your feet and will be obliged to attend to your household and social duties. I will cure you if you consult myself (free case). I have treated and cured a great many cases. I have treated and cured a great many cases.

WRITE your troubles if living away from the city. Thousands cures at home in all professional dealings. Address all letters plainly, giving street and number. Send 2-cent Stamp for list of questions.

Gas and Combination  
Fixtures

Our line is very complete and up-to-date. The finest line of gas and combination fixtures ever shown in this city, embracing many different up-to-date kinds.

We desire to emphasize the fact that our line of Combination Fixtures (for both gas and electricity) is the finest selection in Southern Wisconsin and we desire also to call attention to our new fixtures designed especially for the inverted lights.

FURNACES  
AND HARDWARE

Peck-Williamson Under-Feed  
Furnaces are coal savers,  
and give steady, even heat with  
little attention. You can cut your  
coal bill about one-half each  
winter of what it costs to run  
the ordinary furnace. In a few  
winters you will save enough on  
coal to pay for your furnace,  
and always be glad you have  
this coal-saving reliable heater  
in your house.

I have Wash Tubs, Oil Cans  
and Sprinklers, made of heavy  
galvanized sheet iron of superi-  
or grade. Reasonable prices.
